Hey Scamlock Holmes. There is hard evidence on here about Advantage Conferences being a scam. The question at hand is whether or not Jack broke any laws or is currently violating any laws. Why don't you go to his website and sign up for the \$10,000.00 millionaire mindset conference. It's next weekend. Then maybe you'll understand.

Re: Watch Out for 7KAdvantage/Jack Weinzierl is an EVIL Rat! Liar and Scammer!

Okay smarty pants Ashberry,

Were you EVER a rep for AC??? If not, then you do not have first hand and intimate knowledge of Jack. A lot of us on here do. We also have proof, yet some of us do not want to post publicly this proof for personal reasons. Although, if you would research all three threads regarding AC, you will see many posts of court documents, pleadings, etc. The people associated with AC are HIGHLY litigious, so most of us do not want to be legally attacked for nothing. So, you are wrong regarding us not posting proof.

You do not know me and I do not know you. But I do know one thing is true, Jack is a CON ARTIST and WILL devour anyone in his way using ANY means necessary...even the gospel.

Also, Jack HIMSELF brags and admits he worked side by side with CONVICTED CON ARTIST Mike Milken (I'll let YOU do your own research on that one). There were all kinds of under the table and illegal shenigans going on all the time with certain reps. Tim knew about some of them, others he didn't. I would not be surprised if Jack, Tim, and Jim got popped by the feds for crooked business dealings, IRS money laundering, etc. I am on here to warn others to really look before they leap with AC. I know many people who were outright lied to and conned using God's name. I believe that is wrong. They are NOT the kind of people they APPEAR to be! ;)

Great post Tom! I challenge Scamlock Holmes and Ashberry to purchase a \$10,000 conference ticket from Jack himself (b/c he's gonna need an extra \$14,000...lol). Then, come back on here and give us YOUR opinion. Better yet, why don't you start your own "private investigation" with your own money if you don't believe us. Go ahead, I DARE YOU! Just know that you've been forewarned about this scam. I have all the proof I need about AC and the top people in it to make my educated decision. Good luck to you guys! ;)

I admire SBMs passion for caring about the publics interest, she does herself proud. I sense in WYK some deep hurt felt by him, inflicted (he feels) by AC upon him. Others

on these threads and alot of the scam threads are passionate about their desire to bring this or that scam down. Others are on here because they have nothing better to do!!

But there is a massive problem with the criticisms on these threads. They are bourne out of emotion and not logic or first hand evidence!! As such they, the critics, deem themselves irrelevant and worthy of nothing more than the shrug of the shoulders if the reader is armed with a clear mind, a can do spirit does his or her due dilligence and does not harbor grudges against those who are the targets of their diatribes.

The title of this thread says it all. The person who began this thread negated his credibility by inserting such obviously emotional phraseology. If you are going to create a solid case against Jack Weinzierl for goodness sake come on here with facts. All I see here in implied, suggested wrong-doings, nutty comments (like \$140,000 hummers :confused:) and pure suppositions.

Remember, the burden of proof is with the plaintiff not the defendant!! JW tries to defend himself and his company on here. To his detriment, anything he states here will be used in evidence against him by his critics. The more you defend, the more they will attack. Unfortunately Jack, that just adds fuel to the fire and ratings to this site and sends the google entry up the ladder when people search for Christian or business opportunities.

So I thought that I'd come on here and see if I can offer my two cents to decipher whether or not JW is as the title suggests!!

I don't think that's too much to ask. Seems people here want to kill first and then ask questions or make verdicts that Jack W was is and will always be a scammer.

Here's the info you ask for tommy:

What people don't know about soapboxmom is that she was a poster on AutismWeb that she refers to as "that unnamed parent forum" She attacked several people on that board for doing biomedical treatments and accused them of not accepting or loving their children. Those parents attacked her back telling her she had no right to question what they did for their children's medical conditions. She didn't like it and chose to leave creating her own "support forum" She was banned from the forum for posting under multiple user names to back up her statements. She has also be banned from this forum as well.

She created her blog to get back at those parents. The majority of the people who disagreed with her a very aware of her "hate blog" and think her ridiculous. Her "essay" was not about being angry at autism as much as it was her way of attacking parents of AutismWeb once again.

Little Bo Peep it might have made much more sense to this forum if you had given the background on her rants. I realize she is your friend and you want to promote her blog but it seems unfair to allow people on this forum to believe her rants are directed at them. Anyone can read her blog and see she has an ax to grind which to me seems alot like holding on to anger. Don't take my word for it. Read for yourselves.

You could pick on the real scams out there. Why Escape, because of the underhanded, manipulative person that you are (and I think I know exactly who you are) is struggling and can only think doing this. In that soap-filled head of yours, this is the only useless way that you can think of, so you can get what you want. Don't tell me I'm wrong, I won't believe you. Now go on about your soapy day. I thought that you might be his ex-wife because of your handle. Her nickname is Soapie, she is a mom and she sells soap. She isn't an accountant like yourself, "crunching numbers".....Okay Soapbox, I know you are gunning for this particular company for a reason. Jack,

Now that Soapboxmom has posted the Court records of the AC loss in court. Why don't you come on here and debate us regarding them?

You owe it to your reps to come on here and defend yourself and them and the "good name" of Advantage Conferences..

Have you ,yourself had a chance to read this information before it came even more public knowledge on scam.com? :D

Did Tim Darnell allow you to read this info?

Have any of the AC reps had a chance to read the court papers?

I doubt it!

Do you think if Tim Darnell were honest and upfront with all the reps whom paid \$10k for this this and allow them to read the court papers regarding the lawsuit that they would continue to participate in Advantage Conferences?

Of course they would not!

So your whole sales process is based on withholding the truth from these reps.

I hope many of them get together and sue both you and Tim Darnell for your lies.

Re: Watch Out for 7KAdvantage/Jack Weinzierl is an EVIL Rat! Liar and Scammer!

Wishyouknew,

Jack was very involved in the court case. There is a 2+ hour videotaped deposition of our little scammer boy that is referenced in the court documents, but due to space considerations the 100 page or so transcript was not included in the 3 of 4 "Fat Files" of documents that are available. I already PMed Jack and invited him to comment on the documents and share his deposition. As usual Jack didn't respond. He whines about lies and innuendo on my part, but he comes with no facts because the facts aren't in his favor. Tim carries on in his Third Affidavit about how Jack is not making inflated earnings claims. Of course, no one has or will make what he has made as we can see from the documents. He still advertises it is our goal for you to make 100 grand with the potential to make much more. The earnings table clearly show the staggering loss rate of 98%.

I agree that anyone who has read all the papers would never participate. There is nothing Christian or Godly about the egregious lies Tim, Jack and Jim have propagated to draw in the trusting, unsuspecting recruits. Any recruits reading this should demand refunds and certainly join together to sue these goons. Dallas is filled with outstanding civil litigators that could easily trounce that poor witless Ciarochi.

Advantage Conferences Christian Entrepreneur Ministry Blog
Are YOU willing to pay the price? Saturday, June 9, 2007 at 06:38PM

I'm sharing a document below that may be the tipping point for you if you've been debating attending the Mindset Mentoring Conference with Advantage Conferences in Dallas next week.

Why? Because if you truly understand the immeasurable value of being inspired to achieve all

that God has gifted you to become, you'll see that our multi-millionaire Mentors are just like you.

You may say, "Not me. I'm not a millionaire."

Not yet! Has God given you the strength and spirit of an entrepreneur? To dream BIG dreams? Do you have GREAT ideas that you know would fly to great heights, and you need to get connected to people to help you make it happen?

Then you need Mentors like this. People just like you, with vision, dreams, and ideas, who pursued them and now reap incredible rewards.

They're multi-millionaires, sure, but what's more they have the time, money, and influence to impact the world for Christ.

Yes, there's expense involved. There's registration, travel, lodging, and meals. Can you understand that these are the costs that open doors that you could not open any other way? Once those doors are open, you're in a different world.

Are you willing to pay the cost?

Read the attached and then contact me. We can still get you in for a few more days.

Here's a key. What you do with this information is up to you. We'd love to see you there...and your life WILL be changed.

In Service,

Jack

Profiles of Success!

Becoming a Highly Successful Entrepreneur is a Mindset. It is the same Mindset necessary to become a multiple six-digit income earner or a Christian millionaire. Until you have that Mindset, you'll not gain entry into those higher realms. When you do obtain that Mindset, it will be just a matter of time that your reality will reflect exciting increase and prosperity!

MINDSET MENTORING CONFERENCE

Omni-Mandalay – Irving , Texas

June 15-16, 2007

Prepare to be Empowered!

The Mindset Mentoring Conference (MMC) is unlike any conference ever produced. This is a “High-end Conference” for “High-end Thinkers” – people who know that life can deliver much, much more through personal business ownership and its ensuing financial success!

Those who are limited in their thinking simply won’t relate to the subject matter and purpose of the MMC. Those who try to compare this conference with the 69.00 conference that brings in the marquee big names, or the 995.00 interactive seminar boot-camps are making an erroneous Ford to Mercedes comparison.

It is in a person’s “thinking” - in their “Mindset” that fortunes are created and sustained. The MMC is for people who currently own a million-plus dollar business, or who aspire to own a business that generates millions of dollars. This is a conference for people who are not afraid of dealing with larger amounts of money – literally creating hundreds of thousands to millions of dollars in annual profits.

Both the substance and price of this highly unique conference reflect that “high-end” reality. To be involved in the world of bigger business and greater cash-flow,

Attendees recognize that they must consciously decide to participate at a greater personal level of financial commitment in order to enter into the upper echelons, and that includes deliberately choosing to pay the ticket price of this extremely valuable event.

A Mindset Fundamental

Here is a powerful Mindset truth - Participating in greater dollar amounts works in two directions. Cash flow “in” starts with a willingness to put cash flow “out” – the two concepts are inseparable. Once a person puts dollars “in” to their future business, including the development of a new inspired and uninhibited Mindset, then the doors begin to open wide to the reality of bigger numbers!

Mindset Mentoring Conferences feature little-known, yet powerful individuals who have achieved uncommon success in life. They have made the leap from mediocrity to a higher level of financial excellence. These are amazing people who have the proverbial “fruit on the tree”. Most of their life experiences are just like everybody else, but due to minor differences, their results are far and away greater than their former peers. These carefully selected Mentors were able to transcend the mediocrity of the masses and achieve uncommon personal independence and incredible financial success. Their “differences” inserted into the aspiring individual’s life (your life) are the keys to being able to experience similar or greater success!

How and why that financial success occurs is the subject matter of the MMC. And success for these individuals goes way beyond the value of having money. Becoming a millionaire is not only about their personal net worth in terms of dollars and cents, although that is a wonderful aspect. What is more important is “what they were able to become” in the process. Starting and sustaining that process of “becoming” more successful is the center-piece – the focal point of Advantage Conferences and the Mindset Mentoring Conference.

Advantage Conferences rarely publicizes who the upcoming Mentors at a Mindset Mentoring Conference will be. The Company purposely chooses people who are not “marquee” names, but rather individuals who have quietly reached incredible heights – levels of success that any person with a similar desire to succeed can also accomplish. Releasing the names of upcoming Mentors would hold little meaning or consequence to the public. Only upon meeting them and hearing their story does the value leap off the stage and transfer into the hearts and minds of those fortunate enough to attend!

Their stories are in many ways similar to those who have not attained their similar accomplishments. These are basically “common” people. It is in the relatability of these individuals - “he’s really just like me”, or “I can do what that person has done!” - that the Attendee recognizes and comes face to face with their own potential. The “relatability factor”, in itself, is a powerful gift of the MMC experience - highly encouraging for those in Attendance!

Please read the links below to help you make an informed decision. Remember that your high end mentor is moving out of the high end house he showed off in October before the bank gets it. He has yet to share his deposition or new home pictures. Carefully study the earnings. See the three big winners, 4 who broke even and made pocket change and then think of the hundreds of reps that lost thousands. Maybe you attendees can hep jack get settled in his new shack!

Once I sent in the \$10,000.00 there was NO UPGRADE!
His sister and niece had no intention to work the program!

Guess who made the \$\$\$\$\$\$\$\$\$\$?

Jack W and James McHugh. \$7000.00
They are using the FEAR FACTOR to get your \$10,000.00 !!!!!
That is the Millionaire Mindset Mentallity.

I also hear that Jack W. paid the \$10,000.00 for his Nephew AARON W.
and he was to promote AC in his CHURCH.
That is a Millionaire Mindset Mentallity.

Re: Watch Out for 7KAdvantage/Jack Weinzierl is an EVIL Rat! Liar and Scammer!

WishIKnew,

So sorry to hear those guys did that to you. It was common practice unfortunately. I think that's one of the reasons con artists are drawn to AC. Once they learn how to manipulate and loophole around the system, well, it's not a pretty picture for the victims. I'm quite certain, knowing Jack and his wife pretty well, that this was his intention all along...to get the money no matter what you have to say or do. Then, Jack has the AUDACITY to call himself a MENTOR or COACH...that has value!!! Bwahaha! Comical and pathetic I know. I believe he learned some of his cons by working with convicted con artist Mike Milken out in L.A. AC is giving Christianity a bad name for sure. I hope you recover financially.

After doing my research, I'm not to sure about what kind of money you can make & how fast. But I have found one that is great The Company I am speaking of, that actually offer a turnkey business opportunity marketing an amazing line of on-line educational products in Personal Development and Financial Literacy. They provide world-class training held via conference calls every day and a very lucrative compensation plan! You earn a minimum of \$1000 per transaction!

Re: Watch Out for 7KAdvantage/Jack Weinzierl is an EVIL Rat! Liar and Scammer!

Would like your opinion as to why Millionaire Mindest Conferences was changed to Mindset Mentoring Conferences.

I had several churches praying for me and with me that AC would not last because of the misleading/advertisement/statements and I also found out that Millionaire Mindest Conferences was used by someone else. Was that another legal issue for TIM?

See Tim was on the Christian Path here but he had to ask Jack Weinziel about it an got the wrong advice.

Jack,

We need to clear this up. I think a refund under expressed, specific conditions would get her out of here, much as we did with Foertsch. We take this one on the chin, and learn our lessons.

Your thoughts?
