Jack,

We need to clear this up. I think a refund under expressed, specific conditions would get her out of here, much as we did with Foertsch. We take this one on the chin, and learn our lessons.

Your thoughts?

This is pretty telling about Tim's TRUE personality. It's speaks volumes about him I think. Not, the kind, caring Christian man he wants people to believe him to be. :(

See you problems you create for slandering Jack, just because of you people lying about Jack, this site is being great site would be closed or sued.

Smartypants,

If Tim Darnell or Jack Wwinzierl could afford another lawyer after they attempted to sue the BBB and got laughed out of court with a one page Summary Judgement, then tell them to get on it!.

Do you think his attorney could get the owners of this website to the US for a trial out of Denmark? Tim Darnells attorney in the BBB case was probably the worst attorney I have ever seen!

That is why scam.com did this. They are not stupid. They know how to avoid this.

If Tim or Jack could have, they would have dragged scam.com and us into court along time ago!

When Tim and Jack are in jail, I might come visit them and then tell them who I am, but until then, they wont' figure it out.

Hence my screenname, WISHYOUKNEW :D

Hey Ashberry,

Can you form a complete, intelligible sentence please. I hate to break it to you, but blogs, mb's,

etc. have the RIGHT to express their OPINIONS...period. Oh, and it's ENFORCE, not INFORCE...fyi. Nice try to scare us though. LOL!!! I encourage you to enroll in...oh, say band camp for the summer, then, perhaps VBS. Maybe at Jack or Tim's church...then you can get to know the REAL personas behind AC. ;)

Kids,

I've read up on AC and TD and JW and talked to a few folks. Wow!! What a host of info!! I was preparing to come on here and debate. However, compared to last year, with some exceptions, the discourse on this thread now equates to that of pre-schoolers, dare I say, even toddlers. I'm going to keep revisiting the thread and see if the intellect rises but as to joining it at this time. Naaa! I'd keep having to run to the store for Desitin!!

Read page 51, 60 and 61 of the main thread and study the court documents. Many emails from Tim and Jack to the reps can be found throughout the thread. I will be posting excerpts from a long deposition of a rep that references them. The truth is out here and your diversion tactics are not working, lunkhead!

Soapboxmom

SBM,

I was not referring to you, although some of your conclusions are pure supposition. You at least show intellect and discourse in an intelligent manner. A lot of the things you have said I would agree with when it comes to the standing of MLM or NM as a business model. But it would appear that you are on your own on here except maybe for WYK and a few others like Franky and Spanky - WYK is prone to emotional outbursts and therefore I don't consider his opinion truly unbiased.

However, 'lunkhead and diversion tactics' indicate a misunderstanding of my posts to date.

SH

P.S. Incidentally, simply listing a grocery list of the court and deposition proceedings does not imply guilt on Darnell's part. It does however, show a very confused individual who seems out of his depth and far at sea in trying to explain his business dealings under AC. It also demonstrates that Tim Darnell may be a smooth operator when marketing his AC products, but he seems totally out of it in the cuts from the proceedings that SBM has posted. It also proves the appalling statistics of the success levels in NM companies.

It prompts the question; Would you buy anything from this man if he can't even explain how figures are arrived at regarding his own accounting procedures. Especially if it's only Quick Books!!! This guy is trying to market how to succeed in business!! Duh!!! Just a thought.

But YOUR not prone to emotional outbursts like WYK. Further, what do you want to debate? Those of us who actually were REPS for AC and KNOW these people personally and WITNESSED firsthand the unethical and potentially illegal dealings don't need to "debate" anything. We do however feel a need to warn fellow Christians from being conned.

It's hard to understand why people have a problem with Christians enjoying the fruit of their labor. In fact, some folks here this morning might be thinking, Jack is sounding a lot like those prosperity teachers out there. And to that I say, Amen. If the Word says it, that settles it. In fact, many have seen the bumper sticker that reads, God said it, I believe it, that settles it. Actually, that is incorrect. God said it, that settles it, whether you and I CHOOSE to believe or not.

Many people seem to take offense when you live well. Trust me on this one. **I am attacked on a website daily because of our success.** But the Word says wealthy living is good. In fact, it's part of your divine inheritance. God gave you the riches, wealth and power to enjoy. It's all part of His covenant with you. That is good news folks, but you have to CHOSE it....

Since I began putting Christ first and boldly proclaiming the Good News in my business two years ago, **horrendous and evil things have been said about me....some of which you wouldn't even believe.**

Well, they're going to have to change their thinking, because God is raising up millionaires to show the world that it pays to serve Him. They are living in scarcity or what I like to call "scared city." God rewards the obedience of His people with bountiful blessings! You see, you can't bless anyone when you're broke or just barely getting by. And you can't show someone what it's like to be in covenant with God when you're in debt or in poverty. But by living in abundance, we prove the goodness and faithfulness of God. You may think, "I don't need to be a millionaire. I don't require that much." Well, Child of God, it will take all of that and more, because He has called you to be a blessing to others. We are not called to be us 4 and no more. That's really a selfish view when you get right down to it.

Jack you are not attacked for your religious beliefs, but because you are lying and misrepresenting a business opportunity. Hundreds of reps have lost 10-20 grand to your lies and deceit. Our family has a father with a J.O.B. and we live very nicely and donate to over 20 charities a year. Your so called business is a sure money loser for 98% of the participants, so how are you blessing folks? You, Jack, are destroying the lives of good trusting Christian folks

with your scheme.

There are millions around the world in poverty and going hungry. Are you suggesting that God is punishing them for being disobedient? You are beyond depraved. If folks want to bless others they should quit throwing their money at scammers like you and get more training, education and experience and then as we do give a large portion of their income to help others. You might try making an honest living, Jack.

We know you spent 18 grand on your credit card to get in this scam and carried \$926,000 in loans on the house you just sold. You are in debt for a 140 grand Hummer, BMW convertible and posh Mercedes. That is hardly the mark of someone who is earning in order to further God's Kingdom. You are just out for a buck and it is high time your reps file suit and recover their money. No one is realizing your goal for them of making 100 grand with the potential to make much more. 98% losing money will hardly makes it possible to further God's Kingdom and is causing horrible suffering and financial harm to those reps. Jack has destroyed so many lives. He is getting the attention he deserves on here. Notice he is not posting pictures of his house and has changed his number to unlisted. Only cons and shysters have to hide.

I have followed this thread for some time.

I think you may want to look in the mirror there toots.

Your posts are filled with blustery comments like " I dare you goons to sue me" and talking about "spheres"

Now, you make this statement about only "cons and shysters hide" yet while you hide behind your screen name.

HYPOCRITE!

If you are not then I apologize but please explain to me why your not?

SBM, It is clear that you crave the adoration and kudos from a small few that are posting to this thread.

As an observer, I do question the sanity of a women who invests over 4 hours if not more of her time and money going to a courthouse and them **countless** hours transcribing minutia on a program that she never participated in.

If you want the respect from more than just a few that post here then take it to another level and YOU come out from your hiding and stand accountable for every word you have written.

I seriously doubt you will have the "spheres to do so" but it would be interesting if you did and you would certainly then have my respect and the respect of others that have watched this post from afar.

You both were in this program before and it was good enough for you at the time and now that you have not made money it is a scam..

Have any of you that made money with this program and now think it is a scam made it right and paid back in full any of your "victims?"

If you have then I apologize and you will have my respect and the respect of others.

If you have you NOT paid them back ..if you have scammed anyone than you need to be go to jail with everyone else that scams folks.

Finally, I do not know Jack other than what I have read on these threads nor am I involved in any way shape or from with Advantage.

While I do believe that the intentions were good with Advantage I do believe that they picked the WORST comp plan to use.. one which has a devastating failure rate and at 7k or 10k a pop hurts a lot of folks.

I just hate hyporcrisy from any angle.

Ooooh...so angry! Sheesh! And, your weren't even in AC? Funny how you are making a LOT of assumptions about me and others on this board. Some of us were reps until we "saw the light" or the "writing on the wall" and bailed BEFORE we ripped people off. So GET YOUR FACTS STRAIGHT before jumping to conclusions about a company and people you know nothing about.

Another shill bites the dust!

WYK and others,

This HB individual is either a shill or someone's wife. You can tell. She claims to know so much about us, yet they are wrong on almost every point on her last post. Funny how someone not

involved in AC would come on here and be so angry. She's close to someone in AC..I wonder who? She won't have the guts to post her REAL name, address or phone number on here...I promise you.

SBM and a lot of other former reps on here are dead on in telling the truth about AC. If it saves ONE person from losing their house, like several reps did due to Tim and Jack's advice/mentoring, then we have done a good thing. I do not care if I am ridiculed, b/c in the end, I know it takes courage to do the right thing. Even if it is not popular. SBM is correct about Jack...he HAS ruined many lives and destroyed their faith in God due to his usage of the gospel. He's just another con man using God to make money. I'm sure in the end, he will get his punishment.

Angry?

Not even close

I expected the crap response about being a shill

Anyone that does not agree with you is a shill?

Did you make money with AC?

Yes or no?

If you did then have you refunded those folks that you ripped off BEFORE "you saw the light"?

If you have then you have my respect and my apologies.

WYK I am not the one making the libelous statements and then challenging someone to do something about it.

Challenging someone to do something to do something to a person who hides behind a screen name is nothing but HOT AIR.

And answer my question.

Did you make any money with AC and if so did you refund the money?
If so then you too will have my apologies and respect.

I do respect Craig Maislow who wrote the article on AC because when he was

threatened with being sued he stood his ground and stood on his principals and did not hide but said here is my name.. bring it on much like SBM

Only difference is one meant it.

WYK and TOOLate4 me (and anybody else who claims to have been ripped off by AC)

You claim you were ripped off.

I am interested in hearing you story.

I do understand the need for privacy because these guys like to sue but that is NOT why I am asking.

I could care less about knowing who you are.

You both joined a Christian business so I assume you both are Christians

Why was it not a scam when you joined?

Why did you join?

What was your experience after you joined?

You both sound like intelligent people to me.

Not folks that would just hand over that type of money.

Did you make any sales?

And what happened to you that now has you believe you were scammed?

As I have stated before I think AC's business model is alright what is wrong is their comp plan.

Much too high of a failure rate at a HIGH cost.

I do not agree with folks that start business's and then quit and then start crying "scam"

Happens all the time.

Based on those court documents, my heart does go out to those that were told that there were refunds and were not given them.

There is no more damning information than that.

Those folks were in my opinion scammed and AC needs to be ashamed of that and **make it right** with those folks.

If you were in AC and made any sales then you need to do the right thing and refund those folks.

There is no excuse for not honoring any refunds.

NOTHING is more damaging for a company.

It looks like they changed their refund policy at some point but they do not excuse no refunds being given when it was promised.

However, folks that started the business and then quit were in most cases (especially if they attended a conference) not scammed they just quit.

05-11461, but the only way our dear friend and attorney from Quatloos.com could get the rest of the documents was to send me down to the court and request them. Tim Darnell won't release them, the court reporter won't release them because Tim won't sign and the BBB 's attorneys are afraid to give copies to wserra or anyone else because the scammer would sue them. Beyond ridiculous! The 4th fat file with the actual Request for Summary Judgment and the judge's one page order are in her court room and are not available for public viewing. Something is up. Perhaps Timmy boy can't pay all the court cost for the prevailing party, the Better Business Bureau.

This thread on quatloos.---<http://quatloos.com/qforum/viewtopic.php?t=450> contains those documents and another of Timmy's depositions which I only summarized here for space considerations on page 51 if the thread.

I will be posting excerpts from a reps deposition as time permits.

Re: Watch Out for 7KAdvantage/Jack Weinzierl is an EVIL Rat! Liar and Scammer!

Ok, it looks like folks at the conference have been told about this site, so they came on to support their hero, Jack Weinzierl.

Look, I'm sure Jack knows who SBM is. For one to say that she is hiding behind a screen name is ridiculous. With all she has said, if Jack can't figure it out, that's pitiful. She is a very sincere person committed to stopping people from misusing the scripture for their own benefit. If she put her first and last name on here, Jack would sue her.

Next, who was the guy that wanted to look up the documents on Pacer. That's silly too. Pacer is good, yes, but it's a federal system. You still have to go to the courts to get access to state documents.

Guys, go back to your millionaire mindset conference. You may be missing some words of wisdom by Jack Weinzierl.

WYK

Please answer the questions.

I have read the thread

In addition, what were you under the impression that you were spending \$7k or 10k for?

What were you told you were getting for the money?

That is ALOT of money and I have have said in a previous post you

My impression is that 7K or 10k is for a conferance.

So those of you that spent that money should have no issues telling me what you thought you were getting for the getting for that amount of money?

No one spends that type of money without knowing what they are getting.

So what were you under the impression that you were getting for that money?

Why was it not a scam when you were in AC?

When did you "see the light" and why?

Why is it a scam now and not when you first got started?

Did you make any sales and if so have you refunded those people you now believe that you scammed?

What makes you any different from those that invest in a business opportunity quit and fail then cry "scam" ?

This happens all of the time.

These questions go for not only you WYK but for TooLate4me and any other person who was "scammed by AC"

One constant on this thread has been that you folks have been asking questions that have not been answered yet when an outsider asks you some basic questions they get ignored.

If your not going to respond to all of the questions then do not respond to any of the questions

As I said before, I am a outsider looking in on this thread.

You have a very small club here folks that post here all of the time, maybe 5-7 , yet there are a bunch of us who monitor this thread and have monitored this thread that have these questions that only you can answer.

Tom,

With all due respect, please take the time to read my posts before making your comments.

At no time have I ever defended AC or Jack nor am I in AC nor do I ever anticipate being in AC

The trend here is that when anyone asks questions that are outside the bounds of the "clique" the 5-7 folks who post here they are branded as "shills" and told to go away.

SBM

I agree that Tim Darnell is open gamer since he uses his home address as his corporate address.

However, you are wrong and have crossed a line by posting Jacks personal information online .

Your justifications for doing so simply are not right.

You are wrong as the day is long for violating that mans privacy the way you have and posting his personal information

One of the forum rules here clearly state that there is to be no posting of personal information yet you have crossed the line and clearly have violated those rules when it has come to Jack.

Why have you been allowed to do so?

I am not for Jack or AC what I am for is some decorum of decency being followed regardless of whether or not you believe someone deserves it or not.

Finally, the only reason that I called you out is that you have dared Tim and Jack to sue you yet we all know that that is not possible to do.

So if you are going to stay in hiding then refrain from those blustery challenges for them to sue you when we all know that is not possible to do.

Re: Watch Out for 7KAdvantage/Jack Weinzierl is an EVIL Rat! Liar and Scammer!

HB,

I have told them repeatedly that they are welcome to sue. I made sure they knew how to contact me and our dear friend from Quatloos.com who first posted court documents and knows exactly who I am. They began the ridiculous threats a year and a half ago. The truth is they have to say I am unfindable as Jack puts it.

By suing the BBB all of the company records ended up in the public records and just confirmed how completely dishonest the boys are. Christians don't lie about the earnings potential, BBB membership, copyrights, trademarks, service marks, refund policies, frequency of conferences (what happened to quarterly). Only charlatans would ask folks to ruin themselves financially and do without food and necessities to line their greedy pockets.

Once again I will say it. Jack chose to brag of his 500 grand mortgage on his June 2004 home purchase in Texas. He stated he carried 2 mortgages and that Jim Striegel, a conference speaker, saved him 92 grand on the house he sold just this week. He then invited all the reps from the Oct. 2006 conference out to see what he purchased with his ill gotten gains in Nov. 2005. He has hosted an estate sale with his name and address clearly advertised all over the internet. Jack opened his home up for discussion and I properly linked public sources of information to discuss his supposed real estate expertise. I do not apologize for discussing what Jack put out there for public consumption. His paying \$975,000 or 1.2 million for a house on the tax rolls for \$589,999 is beyond hilarious. The rolls in Texas stay fairly close to actual fair market value so there is something very fishy about the exorbitant price our self proclaimed brilliant MBA paid. Jack will learn the hard way not to brag or flash his foolish purchases.

Tell Jack and his evil wife that Mom says howdy. There are more court papers and commentary to come! And for your information, I have communicated with numerous folks close to the boys, former reps and family members and I have kept their identities absolutely confidential. I respect the privacy of those hurt by this scam. Jack put himself out in the public arena and deliberately

has set out to defraud good Christian, trusting folks. He is getting just the attention he deserves.

HB

I will answer these questions with out getting into a whole lot of detail about my personal life or situations.

Advantage Conferences has been, always will be and continues to be a scam.

I was told that Advantage Conferences WAS a member of the BBB, I was told I was getting a life changing conference, christian mentoring and a first thought, thought of it as a christian ministry and by getting others involved I would be actually helping them come closer to God. I did not put much thought into the business model part of it.

Tim Darnell, apon first meeting seems to be a great Christian whom you would think would NEVER lie to you. He is very good at trying to gain your trust.

I saw the light, after I noticed the BBB report and realized Tim Darnell such a great christian after I caught Tim in a few lies.

Then I started to educate myself on MLM and Pyramid schemes and realized that Advantage Conferences "fits the bill"..-- See the Attorney Geneals website on Pyramid Schemes!!

The fact that Advantage Conferences is a scam, has nothing to do with my success or failure. It is what it is!!! A SCAM!

I guess it did not take me long to catch Tim Darnell in a bunch of lies so I guess, you can say I did not try to sign up others or sell the product becuase, I realized fast that it was a SCAM!

So HypocriteBuster, I answered your questions, you answered mine!

What is your affiliation with Advantage Conferences, Jack or Tim Darnell?

This is the only thread that has gained your attention and you obviously spent a long time reading the thread as it is 50 + pages long!

You have to have some personal intrest in this. What is it? Come CLEAN!

Why would you defend Tim Darnell and or Jack W. there has to be a reason..

There would be much more then 5 or 7 posters on here if they were not scarred of Tim Darnell's threats to them.

The fact of the matter is... That there are so many unhappy former reps that Tim Darnell or Jack can't figure out who I am.. I could be one of 20 people...
