Re: Watch Out for 7KAdvantage/Jack Weinzierl is an EVIL Rat! Liar and Scammer!

HB,

Six posts from somebody not supposedly interested in AC??? Right. I will not answer your ridiculous posts. I know probably more about AC than MOST on this board. I have done the correct and moral thing by keeping the general public apprised of this. Just be glad you did not get involved in AC.

Additionally, how do you know that I have or have not made money with AC? How do you know if I was or was not one of the top money earners? You would not know, therefore, you may keep your ridiculous questions and moral diatribes to yourself! And, YES, you are angry. It shows. Who would waste their precious time posting 6 times on a thread that they allegedly don't care about? Exactly. And, such a heated response from you...very telling. Now, you are invited to actually READ the entire 3 threads on AC to get you crazy questions answered...b/c they already have been. I'm off to spend my precious Saturday with my father.

Re: Watch Out for 7KAdvantage/Jack Weinzierl is an EVIL Rat! Liar and Scammer!

Too Late for Me

Not one post of mine has been angry.

Quite the contrary, your posts to me have been filled with anger.

Look in the mirror.

Your really good at asking questions but REFUSE to answer any questions.

You know what SBM says about those that hide and do not answer the questions!

You say my questions are "ridiculous questions" what was ridiculous about them?

As far as "keeping my diatribes to yourself" who died and left you Queen of the Castle?

You have attempted run my off from my first posting, called me a "shill" and made incorrect assumptions about me.

Last time I checked this is a public forum.

Since you have made assumptions about me, I will make one about you.

The fact that you refuse to answer whether or not you made any sales indicates to me that you probably did and my further guess is you have not refunded the persons you "scammed" since seeing the light so this makes you just as guilty as anyone!

If I am wrong about this then how?

WYK I think has cause to feel the way he does because he was lied to.

You on the other hand went to a conferance and made some sales and have not made it right with those that you scammed.

Now, I preface my "assumption" with this statement.

If I am wrong about my assumption about you then I do apologize but if you did make any sales and have not made it right with those that you "scammed" then you are **WRONG!**

SBM while I do not agree with her calling folks "goons and thugs" and violating Jacks personal privacy or some of her conclusions, has not sold one conferance ticket or "ripped anyone off"

Same thing with WYK

On a personal note, WYK or SBM or even TX Fan did not attempt to run me off.. your the only one!

They all have responded with intelligent and thoughtfull responses.

You come here after making one or 2 or how many sales you have made with a "Holier than thou" attitude and unless you have made it right by those you personally hurt you are not

qualified to sit in judgement.

Enjoy your visit with Dad.

HB

After I have made my points I will be outta here (soon) and you can have your thread back.

Re: Watch Out for 7KAdvantage/Jack Weinzierl is an EVIL Rat! Liar and Scammer!

TooLate4Me

A little research on this board explains to me why you responded with so much anger to my well thought out posts and why you REFUSED to answer any of my questions.

Your first post from 4/12/2007

" As a new poster and former AC rep, I must say it seems a bit scary to think that they could actually go to prison. Is this true? What about all of the other reps who operated in a legal fashion? ..."

If you did not make any sales why were you worried about going to prison?

And what exactly did you mean by "other reps who operated in a Legal Fashion"

If AC is a scam as you have stated here and you made sales and have not made it right with those innocent people then you are a hypocrite for posting here!

It is only my opinion but you really have no business posting here until you make things right with those that you have harmed.

If and when Tim and Jack go down then you need to go down with them!

I am surprised as sharp as SBM WYK and TX fan, and Big Franky are that they did not pick up on this.

Your the one that needs to come clean with the extent of your involvement with AC!

Hypocritebuster,

I am not on here to call out former reps for being so called Hypocrites, I see them as victims too. I post here to warn others about Advantage Conferences and I think Tolateforme has those same feelings. If you feel like that makes her a hypocrite, then your missing the point..

Many honest christians got sucked into this scam and lied to by Tim Darnell and Jack W.

It's really not much diffrent in theory to those millions of americans who attend church's with "prosperity preaching" pastors.

I am not going to get into anymore detail regarding answering my questions because then Tim and Jack could potentially narrow me down or figure out who I am. I am very sure that to this point they have no clue. Not that I am worried about them sueing me, because, I am sure that Tim Darnell and Jack do not have much of a leg to stand on in court. But, I just don't want to deal with the stress, its not worth it. I have heard from others that Tim Darnell is a very revengeful man. I am sure you can understand.

When sales are made in the "aussie 2 up" compensation plan it portions of the sale goes to your upline and the first 2 you get nothing.

So if he/she made two sales, it would be hard for her to refund someone out of he/she own pocket if he/she got nothing in return.

The sad thing is many of the AC Reps did not have 10 + grand of savings to afford to blow on this. many of them are/were low income families/people who for one reason or another are retired or not working in other jobs. Thats the sad thing about this. It almost cost one lady to go into foreclosure on her home b/c Tim Darnell talked her into doing what ever possible to come up with the 10k. So she refinanced her home at a higher rate and got cash back.

Tim Darnell, is not in the business of giving money back or giving anytype of refunds.

When many of the reps have asked for their money back, Tim has belittled them, told them, its their fault for not being successful in the business and often has banned them from the group for being "negative" so they won't effect the others psyche..

The type of people that get sucked into AC hard core seem to not have as much education as Tim and Jack and it honestly seems they are buying into a group of friends (much like a college fraternity or soriety) and getting some social interaction out of this, but they obviously sign the check with the assumption of making money.

Most of the people, I met did not have a college degree, many seemed to be loner types with very low self esteem, whom do not have many friends and are not as educated regarding the bible as Tim and Jack are.

These are the very type of people whom are not good salesmen or network marketers. But, of couse Tim Darnell takes their check anyway.

So its easy for Tim and Jack to get away with quoting bible verses in an effort to manipulate the Bible to get across the message they want to.

The more Tim talked and the more I listened, the more I disagreed with his sale tatics and his usage of the Bible to gain profit. This left me with a very un easy feeling and when I cought Tim in lies, of couse that was the last straw for me.

But, to be honest Hypocritebuster, I still think you have some sort of personal intrest in Advantage Conference and you are not comming clean with it. I doubt your coming on here just to prove a point or for the good of man kind...

How did you stumble across scam.com? What led you to the Advantage Conferences thread? I have tried my best to answer your questions, it would be nice if you answered mine!

Re: Watch Out for 7KAdvantage/Jack Weinzierl is an EVIL Rat! Liar and Scammer!

WYK

What does my interest in AC has anything to do with answering my questions?

Not a damn thing.

This thread reads better than the National Enquirer!

The problem is that ANYONE who comes with a slightly different viewpoint or asks direct hard questions is jumped on an accused of being a shill

It IS hypocritical for those that reguarly post on this thread to ask questions expecting answers yet when direct questions are asked of you ...there is silence(TX Fan) or my questions are not answered.

I do give you credit for at least trying to answer my questions.

The other "victims" of AC have all been silent.

As far as that TooLat4Me hypocrite is concerned she is NOT a victim!

She is a victimizer!

There is a HUGE difference in someone that bought a conference ticket under the impression of there being a refund and NOT being given a refund and someone who bought the ticket, went to the conference and then sold conference to others and made any type of money

Then has the nerve to see the light and come here and run her mouth when she is as guilty as anyone of them!

If Tim and Jack go to prison as you think they should, then TooLate4rMe should have a cell next to them!

It thrills me to know that her name is on that customer list with a listing of her "victims" so that if and when the AG takes action then they can also proceed against her.

I would have been less harsh on her had she come clean from the start but clearly she has been exposed as a hypocrite and you not acknowledging that just lowered my respect for you.

But I will answer one question for you.

I am not in AC however, I do not hold a very high regard for Tim Darnell.

My questions here have not been in defense of that man or AC but rather my speaking out over those that do not accept responsibility for their own actions

Regardless of that, I do not like the "victim mentality" and the refusal to accept responsibility for their own actions and decisions

Which is why I asked these basic questions

How much did you invest?

What were you under the impression you were getting for that money?

No one is going to invest that type of money without knowing the answer to those 2 questions.

Simple enough questions but simply not answered here.

I want to know why anyone that lowers their being but classifying themselves as a victim are no different then the hundreds of thousands that invest in business's and when they do not work cry SCAM instead of taking personal responsibility for their decisions.

There is a HUGE difference in a bad business decision and a SCAM

If people paid that type of money for a conferance and got it they were NOT ripped off.

If they bought a conference ticket and promised a refund and did not get one or were given false information like you were than that is a different kettle of fish.

The court docs posted here do not expose a criminal in Tim Darnell.

It exposes a man that lives in a glass house who was the last person on earth to be throwing stones at anyone and whose EGO has brought down his latest creation.

It exposes a terrible businessman.

Selling over 100 plus tickets at 10k per ticket for a Founders Conference to Ireland and then NOT providing it is a SCAM and in my opinion Tim and partners should have had their asses put into prison for that.

Regardless of my personal feelings for Tim Darnell , I am still against anyone that starts a biz and then when it does not work cries "scam"

HB,

We will have to agree to disagree..

Your interest in AC has a HUGE deal to do with me answering your questions. Your hiding behind a screen name just like the rest of us. For all I/we know you could be Tim Darnell himself trying to dig deeper for more information about us. I have no problem PMing you more detailed answer but, I still can't be sure of who you are and your relationship to AC and this thread.

Can you answer me this question... Can you give me the definition and an example of a legal MLM vs. a Illegal Pyramid Scheme and the components of the Pyramid Scheme that make it Illegal?

Do you understand the difference? if so please explain so I can be sure.

HB, I'm sorry I didn't realize you asked me a direct question. I must have missed something. As far as silence, I don't post on here constantly because I do have a life and don't spend all of my time on scam.com. I would be more than happy to answer any question you have for me.

Re: Watch Out for 7KAdvantage/Jack Weinzierl is an EVIL Rat! Liar and Scammer!

HB,

This thread is a vast improvement over The Enquirer. Truth is much stranger than fiction!

TooLate4Me is a hero for coming forward and seeing others are not harmed by these lying scammers. Tim Darnell is very vengeful and litigious. He won't win any suit, but that doesn't stop him from terrorizing his reps. Timmy wrote to a rep that he won a \$405,000 judgment against an individual that spoke out against him. That is just another one of the scammer's many lies. He threatened an indictment and harsh and severe penalties for this rep that was simply telling the truth. Tim is such a friggin' moron he doesn't even know that libel and slander are civil offenses and not criminal ones that would result in an indictment. Tim and his chief crony Jack endlessly threaten honest, good Christians with lawsuits. That is how lying scumbags operate.

There is no "victim mentality" here. Without these three threads folks would have no way to research this so called opportunity. The early entrants had only Tim, Jim, Jack and ACs webpages and ads to glean information from. They were told to sign up to make 100 grand to 1 million their first year. Claims of current yearly income becoming monthly, one must be expecting to earn 100 grand or more and all sorts of talk of a million dollar business were what the reps were told. Tim and Jack have twisted and distorted the scriptures for their own greedy and evil purposes.

You, HB, seem to be very confused to say the least. You say Tim and company should be in prison for what they did under the banner of All-Star Entrepreneur, but you condemn those of us who are former reps or serious researchers who warn folks away from this dishonest garbage now. Just what is the problem with stopping scammers that you say sold 100 people tickets to Ireland and did not deliver the conference promised? Tim is a lousy business man, liar and serial scammer. Why is it you want to punish the victims of this scam? No legitimate business sells a franchise or hires an employee without full honest disclosure. These reps were defrauded by experienced cons. The AG's office should have acted a long time ago, but understaffing and underbudgeting leaves them short of the resources needed to go after schemes like AC. I think all the posters here who are exposing this scam should be commended for seeing folks have the facts needed to steer clear of Timmy boy and his slimeball friends.

Re: Watch Out for 7KAdvantage/Jack Weinzierl is an EVIL Rat! Liar and Scammer!

SBM

I am hardly confused.

Toolate4me is hardly a hero.

Interesting double standard you have.

Because someone comes and follows your party line they are "a hero"

If AC is a scam as you believe this woman has profited yet because she comes here and kisses your arse she is a hero?

What about her victims?

How many were there?

Your bias is showing.

As someone that profited from AC to now come and say "It is a scam" when she profited from AC is a HYPOCRITE!

I could care less for AC or any of these men but what I am against those that invest in a home based business and when it does not work cry scam

Bad business decisions do not equal a scam.

And sorry to burst your bubble SBM but that happens quite often.

Folks paid for a conferance and those that went got what they paid for.

They were not scammed.

However,those that were promised refunds if they wanted them and did not get them , well that is another story but to date , it seems like that is only a handful which is NOT criminal just bad business.

I am about to wrap up my posting on this thread with a note to both Jack and Tim.. I am an equal opportunity buster after that I am through.

I have some things I want to say to each of them before I am through posting on this thread.

It was never my intent to become a regular here and I really do not have the time to do so.

Re: Watch Out for 7KAdvantage/Jack Weinzierl is an EVIL Rat! Liar and Scammer!

Jack

I am wrapping up my posting here and I wanted to address some issues with you before I go.

First of all, I disagree with everyone here who thinks that you are a criminal.

You sold conferences for a commission and were good at it which makes you a good sales person NOT a criminal.

I do want to bring some things to your attention.

I have read your "value proposition" about AC.

Here is what you are missing.

The value proposition of AC could be 100k or 500k but if the only reason that folks are joining is NOT for the VALUE but for the opportunity to earn "7k over and over again" then it is a pyramid scheme.

You could talk until your blue in the face about how much value and how the product is real but if the only reason they are buying is to make money you have a MAJOR issue.

Attorney Generals have actually gotten wise to this and actually have sent investigators to these conferences and polled those in attendance with one simple question " are you marketing this program"

When 100% say yes, you have a MAJOR PROBLEM.

I do not agree with SBM on a lot of things and some of her conclusions however, the one thing I do agree with SBM on is that you are NOT being attacked here because of your marketplace ministry as you said in your blog

There is nothing wrong with a marketplace ministry.

Look at Truett Cathy the founder of Chic Fila, owner of a nationwide restaurant who closes all of his stores on Sunday to observe the Sabbath.

He has a marketplace ministry and is NOT attacked.

The concept of AC is good what is terribly wrong is the comp plan.

The Aussie 2 up is known for its ability to allow those to make BIG MONEY right away.

That is the good part.

The bad part is that the vast majority do not make money.

And at 7k or 9k a pop that is much harder to recover from than say your MLM program that has a \$100-\$300 entry point.

I believe that you did not know this when you got started.

But Tim Darnell did know these stats and yet because by his own admission he could not even pay for a roll of toilet paper, choose one of the WORSE comp plans for his company, once that leaves people, especially because of the 7k or 10k entry fee, devastated financially for sometimes years to come.

Although you may not have known this before, after 2 years you know it now by looking at those that have paid you.

To continue after knowing that the vast number of folks will fail and be hurt financially is something that only you can reconcile with yourself and your God.

I believe that if you made a stand today and said "I did not then what I know now" and stop defending something that wrecks so many lives that even SBM would acknowledge you.

People are generally very forgiving folks but when you fail to accept responsibility for

something so obvious then you will be attacked.

If you continue then you do deserve what you get.

Paul had a thorn in his side and it seems you have been given SBM

Pau'ls thorn was were placed by God to teach a him a lesson.

It might be that God has placed SBM in your life for a reason as well.

Finally, Your posting on your blog about not being able to post here was very disappointing.

That is a flat out lie that you need to clean up.

Finally, I do think it was hypocritical of you to post under SBD and possibly other names and then one day get self righteous and start calling out others who choose to remain private.

Jack, if a man owns up to his mistakes then people are forgiving but if you continue down this road well then its your bed and you will sleep in it.

You will not be able to say that you did not know.

Jack,

Why is voice broadcating good for YOU and was Not for ME???? Is there a double standard ???
You are using <http://iBuzzProfessional.com> - Did you start it so you can be in top position again/?

Were you affraid that I was going to make a DIME off of it?

Zena,

Yes I have a couple friends in Gold Calling. I did not know the name of what you were referencing. As with any new tool, I let them know to use it for a month so we can see some real numbers and how many folks it converts. Looks interesting. I have done call broadcasting in the past. I do wish it was a tool only and not have a \$1,000 commission associated with it **because folks tend to lose focus on their primary businesses as I have been down that road 2-3 times now.**

Have a blessed afternoon and put on your calendar to let me know how the results are going with it come 12-1-05. I will let you know what I learn from Tex and my other friend using it. Thanks.

To Your Success,

Jack and Tim Have you heard of the "Cattle Train" or "Labor Camp"? I guess not! If you had you and Tim would not have lied to me and misrepresented me and other REPS. You see Tim, I quit because I was lied to and misrepresented by you and therefore I lost my trust in You, Jack and AC "Christian Company" and was drawing financially because of AC ! Please do not tell me again "Whoever quits loses, God said it not me". Nice phrase Tim.

Jack and Tim I am a SURVIVOR! I know What to do If there is NO food around.
But, I was caught off guard and believed in TIM because it was a "Christian Company"? MY BIGGGGGGGGGGEST MISTAKE in my lifetime.
My pain is worse than being in the "Labor Camp" I feel for the other Reps like Foertsh's case.

Tim and Jack, A Christian would give his last piece of bread and share it with the person sitting next to him in the Labor Camp.

I Faith is pulling me through. Have ALOT of support from CHURCHES!

Jack only wanted you folks to use voice broadcasting etc. that he could get a commission off of. He is the greediest con!

Zena, you are the most courageous individual I have ever met. It is so good to see you share the real story behind the scenes of Advantage Conferences. Thanks to you many will avoid this egregious scam. I hope you know that I have communicated with many and you are not alone in your feelings. I am happy to report that some of the very visible reps have left or are leaving thanks to the truth telling here.

Jack and Tim are going to have an impossible time putting a positive spin on the many facts people have learned here. There are more court documents to come as well. "a man (insert scambuster, Timmy) of integrity, when questioned, allows time to prove him right. And that it will."

Tim's Statement:

"Changing the world is a tall order, but that is exactly what we're doing, by the grace of God. You and I should lower our expectations of much of the so-called, Christian world, because the mindset is pitiful in many ways. We won't let that deter us, however!"

Tim it is your "MILLIONAIRE MiNDSET" or no one elses.
Has the Garbage man ever forgot to pick up your garbage?
Has your light ever been off due to power outage?
Have the Rivers flooded in TX? etc

The people that pick up your gagbage, get the power back on, cleanup after the food are the PEOPLE that do their BEST in WHATEVER THEY KNOW HOW.
So please DO NOT PUT THEM DOWN! They are the same Christians that sit next to you in CHURCH. I LOVE them all!

BTW, you are really reaching and incorrect yet again in your information. We close on our home on June 13th and I will be at convention, as well as the MMC. It will be my 5th and I wouldn't miss it. In addition, you attacked me for living in a "mansion" then you attack me when I am selling. Too humorous. Had to unload??? Before the bank owns it??? is a classic. Another example of your outright lies.

*Here is the truth. We did downsize our property as \$900 water bills are just not good stewardship. **We have built a wonderful home and in fact, it is a substantial sum more than the house we sold,** so you are incorrect yet again. It amazes me the lengths you will go to attempt to bring others into your way of looking at wealth and the world.*

You will simply gloss over this, not take any responsibility for your lies and then begin another attack on 1/2 truths or worse.

Be blessed SBM and I encourage everyone to subscribe to my Blog. And SBM, still hiding behind a screen name I see.

I doubt you had it built, but rather you couldn't get a loan for an existing house without unloading the mansion you couldn't afford. No lender in their right mind would let a scammer like you carry 2 mortgages, now would they?

06/07/2007 is the listed sale date.

Note that it was an **available** home. Jack did not have this one custom built. He just took one the builder happened to have available.

Slay Your Giant

Tim's Darnell's new book, Slay Your Giant, is already creating a profound affect in the lives of many readers.

I finished Tim Darnell's new book, Slay Your Giant - this book will impact the world! I was led to a breakthrough in my life and a million dollar idea for our team members that I am working on this week. I am sure I will re-read several times. Bravo!

Jack Weinzierl – President/Founder OneOasis.com

I wonder if Jack wishes he hadn't gotten tangled up with Tim. In Slay, Tim talks about the Fundraising Advantage that God brought to Tim, obviously, a reference to the Hidden Treasures

insurance product. That sickening product bombed, thankfully. Poor confused God told the delusional Mike Napoli not to sell it months later as reported on Jack's blog.

Tim also rambles on about God assuring him that he will prevail in the lawsuit against the Better Business Bureau and Dr. Jon Taylor. Tim thinks it is amazing the lawsuit happened as he was writing his silly little piece of fluff, Slay Your Giant, as he was fighting that "agency" giant and was sure he would be victorious as that joke of a book went to press. Funny how God changed his mind once again and stabbed poor psychotic Timmy in the back. God gave victory to the truth and Tim was once again left making fruitless attempts at damage control.

Jack sure knows how to pick business partners, doesn't he? I am still waiting to hear about that "million dollar idea!"
