Get Paid on Everyone in the Company

As part of your Membership you will earn Gold Member Credits. You can use these Gold Member Credits to qualify for the Monthly Bonus Pools.

Gold Member Credits

The most exciting aspect of The Gold Tree is our Reversible Matrix™ System. This is what allows you to earn on every Active Member in the entire company, even if no one is underneath you. There are no sponsoring requirements or quotas to meet. Gold Credits are automatically given to you for being an Active Member. By accumulating more and more BMC's you will move through our compensation plan and earn more and more money. Just stay with us and your success in reaching these Pools is Guaranteed!

## Fast Track Program

By participating in our Double Credit program you will reach Success in 1/2 the time! This is a fully automated option and you don't have to sponsor a single person to qualify. This is another exciting aspect that is unique to The Gold Tree.

### 3 Ways Your Gold Tree Grows:

1. Company advertising: part of every \$49.95 membership goes to pay for guaranteed signups that are produced by some of the largest lead vendors in the world. They target the hundreds of millions of people worldwide that are looking to make money online or start their own Internet Business.
2. The people above you in the Tree: As people above you refer and sponsor others to The Gold Tree they will be placed under you.
3. If you decide to refer or sponsor others into The Gold Tree, they too will also go under you. (Remember there are NO sponsoring requirements to earn on The Gold Tree)

### 3 Branches

1. There is room for **8 people on your first branch**. You will earn **\$7.00 per member**, per month for everyone on your first branch. Once your first branch is full you will be earning **\$56.00 per month** and this will cover your membership costs of \$49.95 per month and you will be in profit.
2. When your first branch is full, or if anyone on your first branch refers or sponsors someone they will fall on your 2nd branch. There is room for **64 people on your 2nd branch and you earn \$4.00 per member**. That's about \$312.00 per month.
3. There is room for **512 people on your 3rd branch and you will earn \$2.00 per month on everyone on your third branch**. With 3 branches full you will be earning about \$1,336.00

### Multiple Profit Centers:

Once your first and second branches are full and you are earning about \$312.00 per month you are automatically given a second tree or profit center. This insures that your earning potential is not limited to one full tree.

### New Member Bonuses:

If you decide to refer or sponsor people in The Gold Tree, you will earn a one-time New

Member Bonus of \$27.00 on every member you refer. They are placed in the highest position available in YOUR personal tree.

#### Full Support & Training:

If you want to earn Fast Start Bonuses or Earn on Everyone in the Entire Company, you will be given full support and training by some of the biggest and best Internet Marketers in the world. You will have free access to The Gold Lounge, training websites, support forums and much, much more.

#### Summary:

There is no other business like The Gold Tree. The patent-pending program is 100% automated if you want it to be, or you can get into the drivers seat and grow your income stream even bigger and faster. The business appeals to everyone who ever wanted to earn money online, build a retirement income, get out of debt, build a successful business or have fun helping others succeed.

---

That is a blatant pyramid very much like Prosperity Automated Systems, but they reel you in with a small \$49.95 monthly payment that goes upline to pay the early entrants. There is no discernible product. The money is made off of the losses of the thousands on the bottom paying in. Jacko may be in something that it technically illegal. Our scamming boy sure knows how to pick 'em. I took the liberty of forwarding this to the proper authorities!

One of the greatest things about this Advantage Conferences business is the fact that it goes where we go. We have been on vacation this past week and we have two new MMC-IVs

starting with us just this week. I am so honored to be building this marketplace ministry. Thank you Tim Darnell for having the vision and resolve to provide this mentoring offering and business model to all of us who value both.

Those MLM trainers Tim paid through the nose for, you know--- Firebaugh and Zufelt sure haven't helped your miniscule recruiting of late. And the Reps keep insisting its not MLM. So, why on earth all the MLM/Network Marketing speakers?

Rep says:

Quote:

---

Im a Rep for Advantage Conferences, a company that offers ongoing Christian entrepreneurial mindset mentoring products. Email me at [scammer@advantageconferences.com](mailto:scammer@advantageconferences.com). I invite people to check out the products that AC has to offer. It is a direct marketing company, not MLM.

---

All those costly motivational speakers, not multi-millionaires donating their time for a \$2000 donation to a likely non-existent charity, what is Tim up to? And, only 2 MMCIVs, wow! When are you boys going to have a retail sale???????

And I'm sorry, but what fool pays \$10,000 for a conference that isn't even scheduled yet (and probably won't be)?!!? Especially if they are paying for the "mentoring" and not the mlm opportunity :confused:

**Re: Watch Out for 7KAdvantage/Jack Weinzierl is an EVIL Rat! Liar and Scammer!**

First of all, this message is intended only for the Christians reading this post. Regardless of what anyone says, only one thing is for sure, Eternity is thru Jesus Christ and through Christ alone!

Whatever happened to satisfaction, working hard, and helping out mankind regardless of the cost to oneself or the sacrifice one may have to give. Money should never be motive in your life. The LOVE of money is the root of ALL kinds of evil... Whether it is Jack biting back, in an unloving way, calling people unsuccessful or christians bashing others, Christ would never be pleased. After all, it's about the money that is making and destroying lives in this forum...HOW SAD!

I am the proud father of one and husband to a lovely wife. No amount of money, recognition, or fame could replace the TRUE riches that Christ has given to me. I live in America where I am free. I go to a church in which I can worship. I work every day to provide for my family. Who am I to complain? Christians look too hard on the outside without any internal inspection. Shame on us!

I won't point fingers and I won't make an example of someone, because regardless of my opinion about 7K, which from what I have read is not good, in the long run, it doesn't matter. Start acting like Christ and stop worrying about the money. God does not promise to make every single person rich, so anyone that preaches that, beware. He does however, promise riches that will be waiting for you in Heaven, which will last for eternity rather than a few decades! Don't get caught up in the temporary. If God can trust you with little, He may just entrust to you A LOT!

Elizabeth, I read this post and this post comes from no one that I have mentored in this business. It is totally bogus and this person's first post to scam.com. Unfortunately, the fact that everyone posts on scam.com anonymously, lends itself to lies and no accountability. Also, unfortunately, regardless of our differences, the fact that you post my home address and countless personal attacks on me and my family, makes you an accessory of sorts. It is so very sad. My heart is right and I will continue to be sold out for Advantage Conferences and what we represent.

Be blessed, Elizabeth/SBM.

First, I hope Jack is correct. I reported that post by enemyjack to the proper authorities. I have read all the court papers and conversed with many hurt by this scam, so I am sure there are many reps out there that more than a little unhappy with Jack.

Second, Jack, what I post is public record and you yourself brought your personal information before the public as you have used it to con people into your scam. You chose to brag about your home purchases, so any rep with any sense will access the public record and check out what you say, you silly man. The court papers are also public record, but I have always redacted the address and phone numbers of any non scammers--the victims of your and Timmy's schemes.

Third, the Texas Attorney General's office and the FBI are all fully aware of my identity and the investigators do read these threads. I am careful to post facts from the public record and opinions appropriately. I will soon have up a summary and quotes from a very long deposition in the lawsuit Tim filed against the BBB and lost. I will be posting e-mails that were exhibits in that suit written by you and Timmy. It is obvious why the BBB asks Timmy to demonstrate why AC is not an illegal pyramid scheme.

Fourth, here is a link to the Gold-Tree site. The site went down, but Google was good enough to cache it for us. If you were not involved then go to whois.com and find the scum that stole your name.

<http://64.233.167.104/search?q=cache...lnk&cd=3&gl=us>

Fifth you said I posted your home address. Well, if you choose to discuss it as part of your scam--- Remember your brilliant speaker Jim Striegel saved you over \$92,000.

SoapBoxMom, you are one sad individual. You continue to post lies and innuendo. There are no statues for critics out there and for good reason.

I have no idea who Gold-Tree is, nor have I been involved with a company called Gold-Tree. I recognize many names on that site from many years ago and it appears that someone is using these leaders names without permission. Choose to continue to push your agenda and those who can discern, will.

SBM, you will not get off that easy. You posted my home address well before this. I refuted your lies about my financial status and your claiming I was selling my home to avert bankruptcy. You are an amazing spinner of information and you should consider a career in politics. Lies, innuendo and doing whatever it takes to accomplish your agenda is your MO. I pray for you.

I just didn't want folks exhausting themselves going to the property records on their own. Striegel sure has had a lot of business thanks to you!

I will, no doubt, burn in h3!! for posting those court documents as well. The birdies tell me you boys are planning another scamference in November, but with only \$51,000 in the coffers in June 2006 it should prove difficult to fund one, don't you think?

Now I remember where I heard of you, Jack old boy. Out of respect for the client's (victim's) confidentiality, I won't go into all the details here... but I find it funny that one of the most well known scammers on the internet today has the nerve to call himself Christian. It's good to see Jack Weinzierl back. I love when someone who we believe is a scammer will write back and defend himself. You know that I believe that Jack believes he is a man of God.

Jack, question for you. We know that you and the Powerful Intentions MLM team are both MLM superstars. Somehow you are connected. I see that some of them are or were Advantage Conferences, and I see you on some of their things. Ex, you are now getting into vitimans, you were involved in the same lead generating principles. You and the PI team are so interesting to me, because you all lasted so long.

My questions is were you all one big happy family once? Were you guys the founders of internet MLM? Also why do you have such a bad name on the internet while they do not? You all kept a good name for so long as the others quickly disappeared. Did you all break from Amway???

Does anyone have the answer??????????????

Millionaire Mindset Notes for April 20, 2006:

Hosted by Jack Weinzierl, Flower Mound, TX <http://OneOasis.com>

Welcome to our Thursday Millionaire Mindset call. My name is Jack Weinzierl and I am a representative in the field building my Advantage Conference business just like you..... one conference at a time.

This is the day that the Lord has made, I will rejoice and be glad in it. Praise God and I am honored to be sharing on today's Millionaire Mindset call.

I really appreciate the transparency and direct approach of Tim Darnell and the culture that he has reinforced within Advantage Conferences.

Let's open this call properly in prayer.

Dear Heavenly Father, I thank You that we do not have a spirit of fear, but that we have a spirit of power, a spirit of love and a spirit of a sound, strong, firm, safe, stable and disciplined mind. Father, I thank You that the peace of God, which surpasses all knowledge, is guarding my heart and mind. I command my mind to dwell only on that which is true, honorable, pure, lovely, excellent and worthy of praise. Help us to transform our hearts and minds today.

Father, we ask for supernatural favor and wisdom for every person on this call today. We thank you for all of your provision and encouragement as we build a business that honors and brings people to you, in Jesus name we pray, Amen.

I have a deal for you today as well--

Later today, I will provide detailed notes for everyone through the corporate office, and your part of the deal is to be ready to receive today. Leave any of your baggage and preconceptions behind, open your ears to not just hear, but to listen, and if something does not seemed aligned with the Word of God, then please check it out and spit out the bones.

I am here today to challenge you, challenge myself, and make you get a little uncomfortable as we all know that is when we grow. I am also here to reinforce the Good News.

Once again, I encourage you to not be a passive receiver of information and feel like you are working the business. Take notes and take this knowledge and take action in YOUR business.

I have a lot of information to share today so we are going to run and not walk through this call. Get your running shoes on. This is not the race, but a training run so you can run your race more effectively.

OK, what are we going to cover today?

1) We are going to cover perspective, focus and sacrifice with Your Advantage Conferences Enterprise. Did Jack just say sacrifice? You mean there is a price to pay to build a multi-million dollar business, yes there is, but there is good news.

2) We are going to cover what is near and dear to me and what Advantage Conferences is all about—transformation and renewing of the mind. The world tries to change us from the outside in—telling us what we should drive, where we should vacation, what we should look like, what religious hoops we should jump through, but we know it is about changing from the inside out through the Word of God and a personal relationship with our Lord and Savior.

3) And lastly, we are going to cover protection and an awesome promise from God that “NO WEAPON FORMED AGAINST YOU SHALL PROSPER!”

What a promise from God in Isaiah 54:17! And cover how this promise becomes real in our lives.

I sure trust that you are excited and passionate about your AC business? If you are not, you may not be in the right place or it is time to get real with yourself and your commitment to YOUR business. Do you see yourself as a business owner, as an entrepreneur? Do you view your business as a marketplace ministry? Are you passionate about anything? I know when I got started with AC 14 months ago; I was not that passionate about anything. Sure I loved my wife and children, but I did not have the burning purpose that I have now. I was lukewarm in many areas of my life including sharing my faith. And what a difference a year made. I now wonder why and how I ever settled in to the mediocrity and lack of purpose that I had experienced for most of my adult life.

I am a Christian entrepreneur and I am passionate about impacting lives today and for eternity! How about you?

It is my responsibility to leave an inheritance for my children’s children and I will through Advantage Conferences. I also have a responsibility to serve and to respond to needs where I am led to respond.

OK, I am excited about our business. I am passionate about being a conduit to change lives.

I am the head and not the tail, above and not beneath and we were designed to succeed and I choose to walk toward my God given right. I am confident and not arrogant. And the prize for the race is not always given to the quick, but to those who run the entire race and persevere. You must get out of your comfort zone to grow.

And confidence without arrogance is something that every one of the Christian Millionaires possessed from the last 3 Millionaire Mindset Conferences that I have attended.

Your Advantage Conferences business is no one else’s business but yours and God’s. At the end of the day, you can make all sorts of excuses of why this or any business will not work for you and that is your choice. It’s a bad choice, but one most people or MP’s as Tim calls them, make.

You can make excuses or make money, but you cannot make both.

It pains me to see anyone who literally quits on their dreams. When I say it pains me, I mean it breaks my heart. These aren't even folks who quit on the 1 yard line as Pastor Joe shared in Orlando. They are serial quitters. Don't let anyone steal your dream and if you do nothing to build the business right now, focus on improving your Mindset first. For some people, that is their pre-prescription for success. Work on YOU first. And none of us are finished works. We are all growing and your business and income will grow as you grow and transform from the inside out.

Never let anyone else determine your reality and you MUST do today what others won't, to have tomorrow what others don't. Yes, I used the word MUST. It is critical to sow the seed to have a harvest in your business.

I encourage you to recognize that you had a peace about starting your AC business, for many on the call today, God directed your steps here, and you have to determine if you are willing to pay the price of delayed gratification, coupled with investments of time and money to build this over the next 10 years with us. If you are thinking in terms of weeks or months, you are thinking too short and too small.

We each have the potential to build a multi-million dollar business and carry yourself that way, even before the checks started. If you invest \$1.5 million in a McDonald's franchise, guess what, you are committed and you will do whatever it takes to make your business work. Well, our Advantage Conferences business is our first year netted close to what an average McDonald's netted. I am not managing 100 employees, I did not have a large capital commitment and I have created time freedom. I now have the ability to serve our ministry, coach soccer, and go to Bible school is that is where God leads me.

I shared some of this on our team call yesterday, but it is important to reinforce on this Mindset call today.

**Before individuals say—well Jack was well financed, was the president of his previous company, has his MBA—which means nothing in this business by the way, he doesn't know what \$10,000 means to me. OK, time for a reality check and for transparency.**

We keep it real in this business and time to dispel any preconceived notions you may have right now. **I resigned from a six figure position as the president of a company 15 months ago. I did so with a \$500,000 mortgage—yikes is right, having invested approximately \$100,000 in MLMs and trying my best to build those over the previous 4 years losing all of that money, I had lost our life savings a couple years prior to that on a software stock--\$90,000 and my wife home schools and stays home with our kids. I was looking at a \$14,000 property tax bill, had no insurance except for Cobra at \$1200 a month and then I found AC less than 2 days later. Failure was not an option.** Now God had not brought those challenges on us as we do a pretty good job of messing things up on our own when our priorities are out of whack, but we did turn it over to Him in prayer and He is turned it around and I grew through the experience.

**I am not a fan of debt except for appreciable assets like homes, but I started as an MMC-**

**IV with a Visa check and invested \$8,000 in marketing to build my business in month one—also on my Visa. Now, do I recommend that? NOT at all, but I was at a point of DISGUST about our finances, I knew we had been faithful in our tithes and giving and we had a peace about building an Advantage Conferences business.**

We did not have income testimonials and when I started, we did not even have our product in place with the first MMC coming in mid-April. Now if you are already comparing your excuses while I am sharing, then you are missing the point altogether.

So please do not focus on the limited time or finances that you have and so on. Please stop spending your energies on making excuses. Almost everyone I have ever met can share their own reasons for NOT building their business. Focus on your why for building your business, not on your excuses. In fact, get disgusted with where you are at right now.

By the way, you can shut me off today and that is your prerogative, but if you are truly looking to be mentored, you need to take good medicine and your mentor must be someone who can say no to you. True mentors will tell you what you need to hear and not what you want to hear. Without correct navigation, you will eventually crash.

Are you conforming or are you transforming?

You have to be transformed by the inside out. My brother recently used a powerful illustration about the difference between conformity and transformation. He shared that a Nerf ball is conformed when pressure is applied, but it bounces right back when that pressure is gone. It truly was not changed. This applies to mindset as well as we need to be transformed from the inside out by the word so we do not go back to our original faith. So think PlayDoh or clay vs. a Nerf ball.

You can conform all of your life and not walk in victory, because you have not transformed and you have not renewed your mind. We need to be changed and that is what so excites me about Advantage Conferences as that is what we are about. We are not some motivational program that is short-lived with some new age mumbo jumbo, we are based in truth and focus is on transformation. The world and religion will try to conform you, but a personal relationship with the Lord and getting in the Word will transform you. Now, Tim Darnell, neither your mentor, nor anyone else can transform you. They can share the Word, they can share who you are as a child of God, they can tell you about God's promises for your life, but only you yourself can

transform your mindset.

We were born (or I should say born again) to win, BUT we must choose to win!

It involves you seeing yourself as God sees you and recognizing that your inheritance of the abundant life is here and now. Working God's system begins with you developing a prosperous image inside yourself, according to His Word.

Abundance, or prosperity, is so much more than money. God's idea of being rich is having more than enough in every area of your life—so much you can be a blessing and give generously to others.

Do what needs to be done—Once again, you must be willing to do today what others won't to have tomorrow what others don't.

The Apostle John wrote, “Beloved, I wish above all things that thou mayest prosper and be in health, even as thy soul prospereth” (3 John 2). God's way of prospering His people is from the inside out. If you're living below your privileges, if it seems like you're going around the same mountain and not making any progress, don't complain or start blaming. Get into the Word of God, allow it to change you on the inside and experience God's best for your life.

The change begins with you.

The last section has to do with a powerful promise that has everything to do with being a Christian entrepreneur.

**“NO WEAPON FORMED AGAINST YOU SHALL PROSPER!”**

What a promise from God in Isaiah 54:17!

This promise is more real today than it has ever been so you can walk in God's divine protection plan in these last days.

The Bible says that the devil comes to steal, kill, and destroy (John 10:10). And while he continues to try to bring death and destruction to your life and mine, he has no power to succeed!

Jesus says to you and I in Luke 10:19, “Behold, I give you the authority to trample on serpents and scorpions and over all the power of the enemy, and **NOTHING SHALL BY ANY MEANS HURT YOU.**”

**NOTHING** means **NOTHING**. It is similar to the verse in Isaiah 54, where He says, “**NO weapon formed against you shall prosper.**” It is all-inclusive and definite! It covers every aspect of our lives: whether it be weapons of terrorism, weapons of fear, weapons of sickness and disease, weapons of debt, weapons of emotional pressure – **NO weapon can prosper!**

And here is how this promise becomes real in our lives.

1. First, we must understand God's previous covenant.

In Exodus 12 the children of Israel are commanded by God to kill a lamb and put the blood over the doorposts of their houses so that when the plague of death came to strike down the first born of each house, it would PASS OVER them. "...And when I see the blood, I will pass over you; and the plague shall not be on you to destroy you..." (Exodus 12:13). God honored the blood of a lamb. He brought divine protection to the children of Israel through the blood of the PASSOVER lamb. This is understood as a blood covenant.

2. Next, we need to understand God's new covenant, which applies to us.

In I Corinthians 5:7, Jesus Christ is called "our Passover lamb." So He is to us what the Passover lamb of Exodus was to the children of Israel: divine protection and deliverance from plagues, destruction, and bondage.

3. Then, we need to understand the difference between these Passover lambs, or these covenants.

In Hebrews 8:6, it says that Jesus has obtained a "more excellent ministry, inasmuch as He is also Mediator of a BETTER COVENANT, which was established on BETTER PROMISES."

Notice, the differences here between the Old Covenant, which was very powerful and effective, versus the New Covenant:

- a. The New Covenant is MORE EXCELLENT.
- b. It is a BETTER COVENANT.
- c. It has BETTER PROMISES.

This is a BETTER covenant, with BETTER Promises, established by BETTER blood; therefore, you and I can expect BETTER results!

The children of Israel enjoyed supernatural protection from the enemies of death and terror. They enjoyed supernatural deliverance from the most ferocious army in the world, the Egyptians. The children of Israel enjoyed the plundering of the Egyptian's wealth, which was transferred into the hands of Israel. WE CAN ENJOY ALL OF THESE THINGS, and THEN SOME.

Now, how do we walk in this BETTER COVENANT with BETTER PROMISES?

1. We must declare it with our mouths. Romans 10:10 says, "...with the mouth confession is made unto salvation" (deliverance, wholeness, protection). We must say that the blood of Jesus protects us, delivers us, and prospers us.

2. We must know that this covenant went into effect the day Jesus died on the cross.
3. We must come boldly to the throne of God's grace and make our request known to Him. (Hebrews 10:19).
4. We must hold fast our confession of faith even when things don't look good. "Let us hold fast the confession of our hope without wavering; for He who promised is faithful" (Hebrews 10:23). WOW, this is critical in our entrepreneurial walk. How many know that there are challenges and times in our walk where things may not look good?
5. We must remember this covenant by celebrating communion on a regular basis – To reinforce that we are under God's divine protection through the blood of Jesus.

If you are on this call today and you have bitterness, unforgiveness, or are tired of trying to jump through religious hoops, please note that it is not about jumping through religious hoops, it is about a real and personal relationship with the Lord. God sent His Son not to condemn us, but to transform and deliver us.

If you have not made Jesus the Lord of your life, I pray that you do so right now. If you believe that Jesus died for you and rose from the dead and confess him as your Lord, you are saved. I was led to give this opportunity today as this is the most important decision we each can make.

Please pray with me. I thank you that you sent your Son to die for me, that He rose from the dead and I ask you Jesus to be Lord of my life, change me from the inside out, transform me, I am a new creature in Christ Jesus, amen.

If you prayed that prayer for the very first time, I encourage you to send Tim Darnell or me an email or call us to let us know so we can pray with you and congratulate you for making the best decision of your life.

Thank you everyone and have a blessed afternoon and see you on the \$7,000 call.

And remember, sorrow looks back, worry looks around, but FAITH looks up!

Let's take action.

When Jack says he is "building his business one Conference at a time" - He really means I am recruiting/scamming one person at a time.

The so called product does not have a market value of \$10,000. So what are you paying \$10k for? The ability to sign up other people/ income opprotunity. Thus, This this is a pyrimid scheme!

Colin Powell and Former President Jimmy Carter are speaking at my church in a few weeks at a Leadership Conference. They are not charging \$10k a ticket! There conference is also a 3 day conference and does not include hotel, but does include food!

With all due respect WYK, I fail to see any relevance with the two gentlemen you mentioned. Carter is probably the worst president in this country's history. (Dont worry liberals about

mentioning your consideration of Bush holding that title, I've heard it all. Time will rate Bush. Time has **already** rated Carter!!!)

As to Powell, woof!! We could not have had a moore inconsequential Secretary of State!! You couldn't pay me to listen to their drivel. Regardless of what you may think about Advantage Conferences, at least they have speakers who have actually MADE millions of dollars and not politicians who have SQUANDERED Billions of dollars.

If they are speaking at your church my friend you must be either Presbyterian or Methodist. Course, you could be part of the liberal arm of southern baptists!! Better be careful you guys don't lose your tax free status!!

Anyhow, back to the relevance of this thread. If your post is an argument against AC charging \$10,000 it is an extremely poor one!! They at least do have influential and accomplished business people as speakers. The question I am still asking myself is, "Is the conference worth \$10,000 to me?" That has to be the question everyone presented with this as a product must ask themselves. One man's meat is another man's poison!!

If you can't see the relevance to my post, then you are missing the whole point. My point in saying that is, you can sit and listen to former Presidents of the United States, Secretary of State, Former President of Hewlett Packard and many other successful business leaders here in the US and you don't have to pay \$10k to do so.!! Its being offered for \$100 for a three day conference, food included!

A former President of the United States, and Secretary of State, Former CEO of Hewlett Packard, Current Professor of Harvard School of Business are not influential and accomplished speakers? You have to be kidding me..

Here is the link to the conference I am talking about-

<http://www.willowcreek.com/events/leadership/>

I am a Christian, why does it matter what denomination I am. It's a Leadership Conference.

Also you say Advantage Conferences DOES have accomplished speakers?

Man, do your homework. Some of their speakers married into the money.

Sam Casters wife does not constitute as an accomplished speaker. Sam Casters company Mannatech is in the middle of a law suit with the Attorney General of the state of Texas. Mannatech has scammed millions of people out of millions of dollars!

Bill Bates, a former scrub football player who owns a few business ventures? He is famous because of the football team he played for.

Carissa Richardson, a wife of a large plumbing company here in Collin County, technically she is the President of the company, but her husband does all the operations side of the business? She just shows up at Chamber of Commerce events, does the marketing and runs some of the business side of the company.

Tim Darnell finds anyone he can via his church to speak.

Iwantanswers, please do your homework before you post!

Iwantanswers,

Are you telling me that without the opportunity to sign up others, that the product alone with

worth \$10,000?

The fact of the matter is, no one joins AC for the product. They do so for the ability to sign up others to join and to participate in an illegal money game.

Hence a Pyramid Scheme. Advantage Conference has had NO ONE purchase the product alone! THATS RIGHT, ZERO sells outside of the REPS..

Also the majority( 99%) of the reps do not earn their \$10k back.

**Re: Watch Out for 7K Advantage/Jack Weinzierl is an EVIL Rat! Liar and Scammer!**

I want answers, this is a pyramid. Obviously you don't understand the concept.

The only way I would support pyramid marketing is if it is to launch a new product.

2. If a small inventor has a unique idea, but does not have the money to go through new marketing channels.

3. Look how these people jump around. Take Jack; smartmall, ultimatematch, vemma, advantage conferences. Vitamin drinks are never unique. They're all over. There's not going to be 1 that is popular.

1. It would have to be a revolutionary product for it not to be a scam.

2. The ultimate goal of the product would have to be to make it mainstream like in Walmart.

3. The company would have to sell stock or ownership to the top salespeople. Since the goal is for the product to eventually go to market, the salespeople would want to own the company before it goes public. In other words, there would need to be more incentive for salespeople than just make money on commissions. That has to be short lived, because all of us see that MLM can't sustain itself on a pyramid alone.

On Jack's history, a new site with links to 100 stores is not revolutionary, a new dating site saying ultimate match will take over match.com is not revolutionary, Q & A with wealthy people is not a revolution. A new blend of vitamins in a drink is not a revolution.

Were any products or ideas Jack promoted ever sold on traditional marketing channels after they were so successful with MLM?

After Jack became the top salesman in sites, did he request ownership, or did he expect the company to die out?

You see, pyramid marketing will always bust. It can bust because the product loses steam, or it can bust, because the product is so successful. If the founding salespeople don't buy ownership in

the company, they pretty much would know in their heart, that it will bust because of a loss of steam.

Also, MLM's have to make this clear to the public that they are there to help launch a product only, and not for a career monthly income. It is an opportunity to earn a small income while enjoying a new product.

So, now, are you suggesting that the tax rolls have the wrong address?

You yourself claimed a **\$500,000.00** mortgage on your first Texas home purchased in 2004 and Westlaw even documented the **\$926,250 in loans** which is exactly 95% of the Taxnetusa purchase price of **\$975,000** for your previous house---you know the one where you had a fire sale and advertised Advantage Conferences and Vemma. With those loan amounts you couldn't have made money. After real estate fees of up to 6%, other closing cost, moving expenses and the like, your moving every 18 months is not a way to make any money.

Jack, you have all that business acumen, that MBA, are a real estate investing genius and, lest we forget, an attendee at numerous Millionaire Mindset Conferences. I went to the site, zillow.com, that you said would give a figure in line with what your home is worth and it shows **\$619,864.00**.

The tax rolls continue to list 891 Wagner Way and a value of **\$625,000.00**. Where are you getting **\$1,200,000.00** from?

When Westlaw has that information up we can verify purchase price and loan amounts as you continue to brag about your home purchases endlessly. Did you do another adjustable rate mortgage and 2nd mortgage? The rest of us all know about the only way the interest rates will move is up. Do you expect us to believe that the house appraised for **\$251,000** more than the builder was asking for it (**\$949,000.00**)? It is still my opinion that ,as AC is going down the toilet, you were forced to downgrade to a cheaper home.

<http://www.whitepages.com/10001/sear...=817-205-9513+> Your phone number remains listed as unpublished as logic dictates a scammer like you might have reason to hide. I hope this will start a lovely discussion about your real estate genius and business acumen, scammer.

Remember I have all the court papers and will be getting lots more.

Jack,

You would be smart to lay low from the FBI my friend.

Jack, in case you forgot. Your address is public information on Denton County records here in the state of Texas. If someone wanted to find you, they could. Regardless of Soapboxmom posting it on scam.com or not.

You don't have much of a leg to stand on.

I know you and Tim Darnell pray everyday for us on scam.com to go away. But, We will be on here for a while.

You've GOT to be kidding...Jack is going to "go all the way to the FBI"? Does he want some fava beans and a nice chianti to go with that? LOL. This guy has balls of steel and his mentor was none other than CONVICTED junk bond king Michael Milken. Who in their right mind, knowing this, would want to do business with this clown? Good grief Jack, give it a rest, will ya, for your own sake 'cause you might end up in jail!

The sad part is this: Both Jack and Tim knowingly took money from destitute people, conned people out of money, left a wake of divorces, poverty, debt, etc. under the guise of Christianity. And, they continue to do so. To my mind and in my opinion, these guy are master cons...period. They are good though! Sounds like the ol' anti-social personality disorder schtick. They lack one thing...sound judgment. They foolishly and brazenly continue their con. At some point in time, they will have to pay for their sins via God. God sees everything we do...you cannot fool Him. A lot of good, decent, caring Christians have come on here to warn others and advise Jack/Tim as fellow Christians. It's called accountability. Seems like they're not up to being told the truth about their actions. Try renting "Catch me if you can".

I've been rather busy and haven't read the threads lately, so what is up with this death threat against Jack? What happened?

A Summary of Jack and Tim-

Don't need a MBA behind my name - Just Common Sense!

Complaining Customers Are Good For Business.

Remember the Coca Cola Marketing disaster a few years ago? They tried to switch Coke drinkers to New Coke,. It didn't work. Fortunately, the company quickly recognized the problem and had the resources to correct it fast.. Their follow up research revealed switch brands.

It's human nature to void unpleasant experiences like customer complaints. Nobody likes bad news. By uncovering customers complaints and satisfying them can give you a powerful competitive advantage.

Why You Want To Hear Customers Complaints?

Dissatisfied customers or clients can do one of 4 things:

- 1 - Remain Silent
- 2 - Complain to legal or public agency.
- 3 - Complain to a friend and anybody else who will listen.
- 4 - Complain to you.

Which choice would you like them to make? The best choice may surprise you.

You certainly don't want them to complain to a legal or public agency. And you definitely don't want them to complain to their friends and associates. Imagine how much business that can cost you.

Remember silent may seem like the best choice, But it's not, for 2 reasons.

First, because it really won't happen. It's human nature for people to talk about their experiences ...especially experiences involving emotions in Divorce, Hardship, Debt, Family Separation, Stress, etc.all their work was done under the name of Christianity like those generated by an unsatisfactory business transaction.

Jack and Tim told the lies and yet make everyone believe that everyone is wrong and they are right.

Jack and Tim knew about some Reps personal situations and both Jack and Tim conned people out of money. They knew some Reps were hard up for money. Even some of their Relatives and Pastors did not agree with them.

I remember Jack after the Thursday meeting summed up the meeting with his favorite phrase: "It brought TEARS to my eyes or have TEARS running down my face." Some people did not only shed tears but tears came down and filled buckets. The pain and suffering they caused will not be forgotten. So, they continue to do as always. Jack and Tim did care then or will not care now.

The other reason you don't want dissatisfied customer to remain silent is because it deprives you of the chance to correct the problem and save your relationship with your customer.

Jack and Tim made A lot of good, decent, caring Christians lose their Dignity, their Hope and their Dreams.

Tim and Jack could have stepped up to the plate and done things right. I know I did return the \$500.00 to my

Rep and returned \$31.25 to Tim who cashed the check. That was the Christian way of doing things as an any fellow Christians would have done!! Tim and Jack saw GREED in their eyes. At some point in time, they will have to pay for their sins via God. God sees everything we do...

The best choice is to have your unhappy customer complain to you.

Complaining Customers Are Doing You A Favor.

Customers or clients who take the time and trouble to complain to you are doing you a favor. They're helping you grow your business. They're giving you the opportunity to resolve their problem and keep them as a customer. They're also alerting you to a problem that may be costing your business from other prospects and customers without your knowledge.

This applies to every business including independent distributors for MLM or Network marketing companies. If the problem is in your area of responsibility you can correct it. If the problem is with your Company's product or System you can advise them and ask them to correct it. You can also reduce the impact of a company problem on your operation by telling your distributors about it and letting them know the company is taking corrective action.

Encourage Customers Complaints.

I wonder how long it would have taken Tim and Jack to discover the problem if my customer would not have complain to me? Tim and Jack would have gone their marry way and who knows it might have created bigger lies.

Your Customers and clients know your strengths and weaknesses better than you,

Get them to identify your weaknesses and tell you what they are so you can correct them.  
It may be uncomfortable or ego deflating to hear about your weaknesses.

But you'll soon forget that you take corrective action and see the positive impact it has on your bottom line

Where would your business be today had Tim and Jack treated their Reps right?

Tim, your Goal was to Have 50,000 Reps in 5 yrs. What happen? Was it GREED???? Poor Judgement?? or did you get wrong advise??

That's sad that Jack and Tim scrape the bottom of the barrel to find reps. I guess it's easier to preach a pipe dream to people who can barely scrape 10K together. That's so sad. I always liked to read MLM guru's E mails. They are pretty funny. I wonder what happened to some of other MLM guys. Did scam.com bring them all down. I'm suprised Jack lasted this long out there. He has quite the MLM resume, and it seems that the scam sites just caught on now after A.C.

I, as many others, certainly appreciate hearing your story and the results of your venture with this person. We are quite sorry things turned out the way they did. So, I kept searching and found something great.

In my search for a solid and legitimate "home business" I discovered more of what I didn't want than I did of what I was looking for.

Most of what I found wanted me to invest into their program without being able to find out what the actual product, market plan, or how the compensation plan really worked. I found that these so-called businesses were not really a business but MLM's and the like.

Then, by accident, I discovered a REAL business that puts me in charge. I found a complete

network of people that are extremely successful, \$1-2-300,00 per year within 3 years, and are actually dedicated to assisting new people achieving the same goals. I've never seen such built in support and training, with all the tools necessary to guide you directly down the path to success. If the thought of making \$10,000 per month right away is appealing to you, then click on the link below. Before you become a part of this amazing team you will know everything about all aspects of this remarkable opportunity.

Save a Life...Protect Your Family

WHAT WOULD YOU DO IN THE CASE OF A MEDICAL EMERGENCY?

Have you ever given any thought to this question?

Most people panic!

Each year there are more than 100,000,000 visits to the Emergency Room. Each year thousands end up in the Emergency Room unconscious or unable to assist the medical personnel. They can't tell the doctors or nurses what medication they're on, whether they're allergic to penicillin or any other drug, or whether they are currently being treated for some other medical problem.

This lack of specific knowledge has cost people their life and it will continue to happen as long as preventive steps aren't taken. Finally, someone has introduced a solution to this problem. It's called the MedLifeCard.

The MedLifeCard is a secured internet storage file containing your complete medical history -- your current prescriptions, your allergies, your treatment, your insurance carrier, everything related to your medical well-being, even a living will. You decide what is included.

For pennies a day you can make sure that the emergency medical personnel have the necessary information to analyze, diagnose and prescribe effective treatment rather than guessing at what will work best. You certainly don't want a member of your family becoming one of the 44,000 to 98,000 people who die each year due to misdiagnosis or incorrectly prescribed drugs. You certainly don't want to put your child's fate in the hands of "chance". Consider that on average a child is 3 times more likely to receive an incorrect drug dosage while in the hospital than is an adult.

The statistics are alarming! Yet, our medical treatment is by far the best its ever been. The doctors and nurses are extremely well-trained and very concerned with patient care. But, the mistakes continue to occur. It is strongly recommended that patients take substantial responsibility for their own care. The MedLifeCard helps you do just that.

For the price of one family membership, you can maintain detailed medical records for up to 8

family members. If you or a loved one is suffering from diabetes, asthma, heart disease or any number of other ailments, you will want to look into getting your own MedLifeCard.

For only \$8.50 each month, an entire family may be protected 24 hours a day, 7 days a week. Each family member may have their own individual file storage template sets. Each family member has personalized account numbers and emergency cards. A family member includes students away from home and elderly parents for whom the subscriber has assumed responsibility. There may be up to eight separate file storage template sets per family household.

Do you have children leaving for college?

Do you have children with special healthcare needs?

Are your children traveling abroad for school or missions trips?

Do you or your spouse have allergies, prescriptions, or other conditions that are critical to communicate to providers in case of emergency?

Do you care for parents with special health care needs?

If you answered yes to any of the above questions, I encourage you to subscribe to MedLifeCard today. Please visit MedLifeCard Registration. If you would like to sign up for your own card, you will need the following information:

Sales Representative: **Jack Weinzierl** Sales Number: 3000

This Card can save your life or the life of a loved one! Don't wait until it's too late. ACT NOW!
