Jack just drags his flunkies into every losing deal he is in! LOL That poor fellow, Eric Standlee, is mumbling about people helping people so he must be a Melaleuca reject as well. He believes that we folks with a J.O.B. are making someone else rich. The Advantage Conferences reps just come in and throw their hard earned money at Jack and Tim while they suffer the dire consequences of losing thousands of dollars. I take it poor befuddled Eric Standlee thinks that is an improvement.

Gee, Eric, how much of the time freedom you spoke of can you have when you are wasting hours pushing Vemma, AC, Ignite, American Prudential Capital, CrusaderX International LLC, Online Presence Coach and all those other brilliant "one ideas" you boys come up with? Yikes!

Jack is blathering nonsense again!

## **Timing is Profitable**

Advantage Conferences is not a household name, highly recognized, or well known. And that couldn't be more perfect.

Well, Jack, don't you want Advantage Conferences to be a household name? Absolutely - and it will be years from now. Here's a good question to ask - as a Representative for Advantage Conferences, what would be the best time to begin building a strong, lucrative business - "before" everybody else knows about it, or "after" it becomes well known?

I don't know about you, but I prefer to build "before". When you have your stake firmly in the ground and you know a company is going to grow at a fantastic rate over the next decade, your best timing would definitely be in the "before" stage, which is where we are right now.

---

How stupid do you think people are, Jack? You are still worshipping your past associate Mike Milken the convicted felon and junk bond king. Timmy learned the ropes at Global Prosperity and Liberty league and many other egregious scams. Timmy ran All Star Entrepreneur, a virtually identical scam, into bankruptcy to the tune of 1.3 million. Around one hundred reps lost \$12,995.00 and thousands more in advertising. Many hotels and businesses were stiffed as well. Advantage Conferences is on its way down the commode just as its predecessor. It is common knowledge that Timmy/AC is in all likelihood broke. I also understand from reliable sources Tim is not paying reps.

Timmy and Advantage Conferences are well known. He is a serial scammer and AC is a pyramid

scheme with no retail sales. The number of reps has dropped drastically. You, Jack, claimed 500 reps a year ago, but now there are only about 1/3 that many. A good portion of those are no longer active and will not renew. Every little scheme Timmy cooked up as a part of this joke of a company has folded as well. Let's see there was the Brilliant Business Newsletter, The Footsteps of Faith Wealth Building Conferences of 2004 that never happened, Quarterly Teaching Series, Your Riche Niche, The Millionaire Mindset Conferences, The Fundraising Advantage, The Hidden Treasures Insurance product, The King's Conferences and Giver's Magazine...so many long gone. Lest we forget, Your Virtual Vault (such a flop the price has dropped from \$97.00 to \$14.90) and The Brilliant Business Collection (such a flop as well it has dropped from \$100.00 to \$19.95.)

Quote:

---

Your job is to tell people about AC - preferably before they find out about it from someone else. Oh, there will be Reps who enroll five years from now who will create fantastic incomes, but I would prefer to be with an IBM in the sixties, or a Microsoft in the early nineties than being hired on today - still great opportunities in both of those companies, but possibly less markets to conquer along with greater competition today.

---

Of course, Jack, you wouldn't want recruits reading the truth here first then you wouldn't be able to empty their pockets, scammer. Give us a laugh and post a revised complete rep list. I already know it will show there is a mass exodus in progress.

Quote:

---

Good timing is profitable. If you're thinking about coming on board with AC, now is a great time to do so. In fact, I would encourage you to attend our upcoming Mindset Mentoring Conference in Dallas, November 9-10. The line-up of six highly successful Christian businessmen converging on Dallas is the best we've ever had. We also have a powerful meeting on the 8th, the Thursday before, featuring a very special author and trainer. His training should be in every school in America.

---

Funny how mainstream America with its CPAs and certified financial planners doesn't support this foolishness at all.

Quote:

---

One gentleman referred to this author's information as being "Financially Born Again". Like salvation which frees us from the bondage and slavery of sin through Jesus Christ, Advantage Conferences mentoring frees individuals from the bondage and control of debt and the banking industry. It is truly liberating to not have to turn over 35% (that's the number my friend) of all the monies you'll ever touch to an entity that basically robs you blind - and what's worse, we have willingly agreed to their robbery - is that not insane on our part? Not anymore do we agree to that!

I'm not really down on the banking industry, but I am adamant that there is a much better way to handle our financial affairs - a much more lucrative way! This method, the Personal Banker, if used only with a single car over the next 40 years, for example, will mean a swing of some \$750,000.00 dollars into your estate. If you don't use this method, it's a swing of \$750,000.00 OUT of your estate and into the bank's coffers.

What if you are a two car family - the swing will be approximately \$1.5 million dollars over the next 40 years. We teach how to use the Personal Banker on everything and the resulting swing is literally millions and millions of dollars for you and your children and your children's children. It becomes a powerful and tremendously rewarding way of life.

---

Those figures are completely fictitious. It takes 15-20 years to build significant money in a whole life policy. Reps could put the equivalent of a car payment every month in a special account and buy the car outright much sooner than fifteen years down the road. You aren't telling them that premiums for the first several years go to the scammers (you and Tim) that sold them that silly whole life policy.

And, about that car purchasing, are you really expecting folks to believe that crap? Who is paying 1.5 million in interest on 16 car purchases (2 cars every five years for that 40 years you mentioned.) A 5 year loan at 7% on a \$30,000.00 car with no down payment costs the purchaser only \$5642.16 in interest total. Get that same loan at 4% and our purchaser will pay only \$3149.74 in interest. At .9% interest for the same 5 year \$30,000.00 loan one will pay only \$691.31 in total interest. Again Jacko, elementary school math is out of your skill set. Even with inflation at 4% a year your figures are complete fiction.

Sensible folks don't pay credit card interest. They buy what they can pay off each month except in cases of an emergency. Think how silly this really is. Paying yourself interest with your own money is pretty dang silly. Why not just invest it in a good investment vehicle instead of whole life which is clearly one of the worst and make some excellent return so you can pay cash when you desire. This Personal Banking concept is completely bogus.

Quote:

---

And that is just one small aspect of Advantage Conferences. Can you live without this info? Sure. But why would you want to? I believe you're beginning to see the incredible benefits of being a part of this dynamic and highly beneficial business.

Speaking of timing, if you purchase your President's Package within 10 business days of receiving the Getting Started E-Package, you'll qualify to take advantage of the "Prompt Action Discount" – a full \$2,000.00 discount (\$9,995.00 rather than the normal \$11,995.00).

To restate: The President's Package is \$9,995.00 if purchase is made within the "ten business-days" time frame. If you looked at the GSEP and didn't know about the PAD - Prompt Action Discount, then e-mail me and we will review your situation to possibly make that happen for

you.

We're very excited. Your timing could not be better.

In His Light,

Jack Weinzierl

This just reeks of desperation Jacko, Make sure your reps ask how many rooms are sold for the conference. I know you could count them all on your fingers, Jacko. If the hotel doesn't give you clowns the boot after reading the bankruptcy filing and other goodies I sent them, then I will make sure to be there with my camara again so folks can see just what a joke your scamference is boys. Perhaps the scambusters could host a conference. We would outnumber you by quite a bit.

Soapboxmom,

The fact that Jack is mentioning us/you on his yahoo group is proof that Jack is NOT mentally tough.. He knows we are doing damage to his scam and loosing the faith of his followers.. Do you want someone who can NOT control his emotions to mentor you? He lives in his OWN World and thinks everyone on the Yahoo Groups is under his brainwashing and would not RAT him out..

The FACT of the matter, is that Jack does not have a clue about business, his friends or God..

I have to give it to Tim, Tim has been smart about us here on scam.com. He has resisited temptation to come on here and attempt to defend his name on here.

Tim, knows he has nothing of value to be able to defend himself on here so he has kept quite. Thats about the best thing he could do.. But, guess what Tim.. We are not going away until Advantage Conferences is shut down.!!!

Using the Internet as a forum to debate or argue on is not the best method for Tim to argue on. He can not use his FEAR tactics to scare us because he does not know who we are.. He knows MANY people have done ton's of research on him and Advantage Conferences.. He has NO "arrows" to throw at us as an Arguements to defend himself..

I and others have Challanged Tim to come on here and defend himself.. But, he won't. I have vowed that if Tim Darnell comes on here to scam.com and defends himself and gives us some facts.. I will NEVER post on scam.com again.

Jack stood up at the 2006 Advantage Conference's convention and, from what I hear and said something to the effect of he wasn't going to do it, but Tim said he needed the money (remember his \$200,000.00 in credit card debt). Jack acquiesced and stayed with Advantage Conferences. Tim only sold 13 reps on AC in the first 18 months despite his purported marketing genius. Jack, who worked with, convicted felon/ junk bond king, Michael Milken came in and put this scam on the map.

Indeed, on the down side, a failed business can dramatically affect every aspect of your life, including your credit, loss of savings, loss of your marriage, and even loss of your health. A failed business is a very serious matter, undoubtedly affecting a host of important areas of one's life. At the very least, losing a business is not a pleasant experience, and is not to be taken lightly.

Again, congratulations. Be true to this decision, and here is what I want you to do:

READ - Begin reading your Bible on a daily basis. I recommend the Gospel of Matthew, the Gospel of John, and the New Testament book of James for starters. Once you've completed those books, I recommend you begin reading the entire Bible from Cover to Cover.

CHURCH - Find a Bible teaching, Christ centered church in order to become a member.

BAPTISM - Tell the pastor that you have just become a Christian and you would like to be baptized.

PRAYER – You can talk to God, telling Him everything and asking Him anything. You should begin and end each day in prayer. Thank God for all your rich gifts he provides – food, air, shelter, friendships, etc. Your life won't be perfect, but you'll be more aware of your rich blessings when you look for the good that God has provided for you!

Things must be slowing down drastically as he made only \$218,245.50 more as of January 2007 (10 months later). His current figure is over 800,000. I have heard reports that there have been few sales of the opportunity this year. Jack got a hand-up recently, but it has been abysmal lately.

I have only seen one ad for the conference. If the speakers and information about this life changing event are not advertised in any way, then we know the only thing for sale is the money losing opportunity. The speakers are kept secret for a reason. The conference was never the product. All the sales occur inside the pyramid.

Most of us are far outstripping the highest earner's take for this year at our J.O.B.s. And, we have many benefits. I guess Jack and Timmy should go out and get real jobs!

The Hummer is owned, not leased.

If that is the case, then since it is long gone Jacko couldn't pay for it and had to get rid of it. He sure didn't get much out of the advertising all over it, huh?

If he, by far the highest earner, spending \$8,000.00 a month in advertising can't sell this bum opportunity ain't nobody gonna be able to sell this bum deal.

"I have also read your response to the critics at scam.co. I really admire your courage and faith in how you responded to them. I don't believe a word those critics say. They are just liars and people who are jealous of the good work you are doing for God's Kingdom. They are losers whose only joy is in trying to bring others down where they themselves are. It is very painful going through such attacks but I know that God will vindicate you and expose their lies."

---

Scammers, come on and document all our lies. God is watching and we are waiting. God didn't vindicate Timmy in court against the Better Business Bureau after God promised him he would prevail as a plaintiff. Instead, with one debacle after another the reps are abandoning the ship as there is good reason to question the integrity of this scam's leadership.

Gee, Jacko, What happened to those ten candidates? Do you even have ten active candidates left? The folks I am talking to are no longer active, some are financially devastated, none will renew, some are going to the authorities and all are very concerned about protecting the public from being harmed. Folks can clearly see that the real product was a bum opportunity and they are sick and tired of bleeding money. Let's see that list. You are the one desperate to make \$30,000.00 a month. That will just pay your bills, won't it lad?

Jack and Tim don't understand. The knowledge they are so called giving as the value proposition in their Conferences is the same information you can get from going to Church, Books at Barnes and Noble or MANY other things.

You don't have to spend 10k to get that knowledge.

So Jack,

Explain the value of loosing money?

Tim and Jack,

I hope you are able to sleep tonight with this upcoming conference.

You worried about who will be showing up?

What if some reps cause a scene in front of others?  
What if the AG shows up?  
What if some news stations show up?

All time s are GM T -5. The time now is 08:35 PM.
