Aaron,

It is very ironic that your scumbag Uncle Jack was on here under 9 different IDs to defend his and Tim Darnell's honor, but has left the Weinzierl family high and dry. He should be helping to address the issues here. That lawsuit discussion is not going to end until the person that filed that sickening suit takes responsibility. We all know that the attorney from the BBB spoke to Robert Dejong, the attorney down the street from you in Michigan, and he had to stop pursuing the case. The only unanswered question is the name of the dirty dog that gave him the documents and paid him. Tim Darnell didn't just happen to have an attorney in Michigan when AC and the BBB he was suing were based in the Dallas area. Tim had his clown, Jason Charles Ciarochi, turning the identical case in Dallas into a circus side show. Jack was there with you boys at the time of that disgusting little debacle.

We know that Aaron had an Advantage Conferences page and he and Jerry were given that predatory and preferential treatment (a \$7,000.00 refund against policy) and had plenty of money to advertise per Uncle Jack under oath. Jack and company made full use of the bogus testimonial he asked you to write

(before you had any real experience with the company, I presume.) Jack asked reps to write testimonials after they had just joined as a matter of practice. He said, " we have got good short-term testimonials." Since 98% of the Christians that got involved lost their money it is not hard to see why.

We know everything about that sickening suit except who actually gave the documents and check to that poor mislead lawyer. Tim Darnell is y'all's brother-in-Christ and Jack is family, so I expect that they will share the truth and explain why an identical suit against the Dallas BBB was filed ten miles from your church while scammer Jack was in town. It is all public record and I have spoken with the BBB attorney and a former Advantage Conferences rep I work with to expose this scam spoke to Robert Dejong, the attorney.

You have been told that two posters on this thread have an identical IP address that appear in close succession. So, it is likely one person or people in the same house. What is your point?

I have provided proof in the form of court documents, ads, webpages, public record, e-mails and on and on. You just don't like the truth about Tim Darnell and the Weinzierls involvement in Advantage Conferences being exposed. If you Weinzierls really were men and women of God, you would value the truth and be excited about helping the victims and seeing a scam selling the gospel for ten grand is stopped from defrauding more Christians.

The thread will not be deleted without a court order or decision of the admin. So, you will not be able to hide the truth from the public. Now, why don't you guys provide proof of the death threat and stalking allegations your brother-in-Christ, Tim Darnell and Jack Weinzierl fabricated against me. Provide substantiation of all the other disgusting allegations your Uncle Jack with Multiple Posting Personality Disorder made on these many threads. Jack is a real tool! God is seeing the truth brought into the light here on Scam!

**Re: Jerry Weinzierl Grace Christian Church AC Pyra**

is anyone else confused as to why I'm supposed to demand proof from Jack and Tim about lies that SBM alleges - and what in the world this has to do with her defaming Pastor Jerry??

like I said guys - not much substance with this one

so lets summarize the past four pages - it's easily done  
She has provided evidence that Pastor Jerry was involved with me in a company 4 years ago called Advantage Conferences along with multiple hundreds of other people including pastors, doctors, business people, stay at homers and on and on (I use the term proven lightly since we never denied this). She has also 'proven' that Jack mailed the commission he made on our own conference purchase back to us to help out his brother and nephew (me and pastor jerry). she has also 'proven' that Pastor Jerry ran for city council in the city of Warren last year (all public knowledge)

what we are asking for - since this thread clearly is designed to smear Pastor Jerry - some information that substantiates this defamatory site!

does anyone else want real information? is anyone else tired of the same links to things that don't apply?

btw for the 5th time SBM we were not given a refund - a refund would have been for \$10,000. Instead we were given the commission that was made by our enrollee

is this really that confusing? or do you just pretend to not get it cause it makes it seem like you have a purpose on this thread? haha everyone can see how redic this has become

and the info you are digging for about some lawsuit that we know nothing about is hilarious! but if you keep pretending that we are hiding something it will become true - pixy dust also will work for this!

your dumb webpages and documents actually expose nothing about Pastor Jerry being involved in AC - you can't expose something that's not hidden - again duh.

and why is it our job to provide proof of your stalking Jack and Tim with death threats again? can't figure that one out either.

we are still trying to figure out why you continue to post on this thread. please remove it is all we are nicely asking since you have no information about Pastor Jerry, a public figure that you have caused question of his character thru this thread.

OK heavy duty scam thread moderators here's your warning. Someone will be posting later today on this thread with the same magical IP address as the one I'm posting from right now. That is because I'm on a network that many people share. In fact my guess is that there are at least 20 people right now using the same public IP address. Some may be checking email, some shopping at gap-com, someone might be on amazon or even Ebay and then there's me right this very second I'm on scam-com's awesome site.

don't confuse this with trickery and all those big words you so kindly attribute to me - dirt bag, liar, etc.

Now listen just because these posts will be contrary to what you are trying to do in smearing Pastor Jerry - don't block them. I know it's very hard to stop yourself but resist the urge. It doesn't violate your strict rules of truth busting on this god-sent site of goodness and truth!

Soapboxmom

notice everyone that she is quoting Jack talking about several pastors in AC - now in my first years of elementary school I learned that one=1 a couple=2 and several=more than 2. doesn't anyone wonder where the other smear thread is on this truth busting site about the other pastors?

For your information there were three more pastors not including myself or Pastor Jerry.

interesting truth box mom!!! you better start digging a little harder - you wouldn't want it to look like you were going after one person and ignoring many others would you? no you are out to shed light on the truth right? uhhhhh.....

Is partial refund confusing for you youngster? Various amounts were refunded from \$1,500.00, \$5,500.00, \$7,000.00 and over ten grand including meals to one of the 9 given money back on the ten grand purchase of the scam's MMC-IV level.

You are supporting Tim Darnell and that sicko Uncle Jack of yours. I think those sickening lies about being stalked and threatened would concern you greatly. Those threats put my family in danger and only mentally ill or exceedingly dirty, dishonest people would do something like that. I wouldn't have any contact with people like that and as a pastor I would be concerned about the victims of those vicious lies and the dirty scam, Advantage Conferences that left 98% in the hole.

Many were financially ruined by this deal and suffered terribly. Jack Weinzierl knew 2 of the reps going hungry and he said to one that was in desperate need of help he had to worry about his \$900.00 a month \*\*\*\*\* bill and he didn't give that rep a penny or go to the store and get them anything. He drove off in his luxury car to his million dollar mansion laughing. He thoroughly enjoyed his ill-gotten loot. The other who wrote him of going hungry and not being able to clothe and feed the kids was ignored completely. He is a self-centered piece of human waste who has destroyed the lives of many good,

trusting Christians. Our family helped his victims. When are the Weinzierl pastors going to help the victims of this egregious scam instead of supporting the scammers?

The Better Business Bureau asked Advantage Conferences:

Tim Darnell answered that with a frivolous groundless lawsuit which as we will see in the documents below he lost!

**Re: Jerry Weinzierl Grace Christian Church AC Pyra**

Guys, lets try to stay on topic here.

There are countless other threads here that whine and moan about AC and if it is or is not a pyramid scheme. None of that has anything to do with the charges that SBM and others here have made against Jerry and Aaron.

So again, I'll have to ask that SBM remove the thread or PROVE the following claims she makes here. Here is that list AGAIN :

YOU claimed that Aaron is posting under multiple accounts, but you have been unable to prove it. In fact, you've actually been proven wrong on that one.

YOU claimed that Jerry and Aaron were using their positions as pastors to lure people into AC. Yet, you still have not posted a single shred of evidence to back it up.

YOU claim that Grace Christian Church and Jerry Weinzierl brought a suit against someone in Texas over Advantage Conferences, yet you have not been able to PROVE anything.

In all 3 of my points here, you have made HUGE jumps to make conclusions you have no evidence to prove.

Again, YOU are the one making the claims here against Jerry, Aaron and Grace Christian Church. Therefore, the burden of PROOF is on YOU!

Again, I'll ask you to PROVE your accusations or delete this thread.

**Re: Jerry Weinzierl Grace Christian Church AC Pyra**

nice try SBM - thanks for your post because it once again proves that you enjoy twisting things to suit your bent toward smearing my dad - but this one is way too obvious (please don't delete my post here)

OK the doc you just posted was from the BBB - don't you know its the FTC that prosecutes and closes pyramid schemes?

The BBB suit you are **misusing** was because AC had one of their titles printed with the trademark symbol (TM) - and this was brought to their attention so they made them remove the symbol which AC did right away. *(everyone please take note - Pastor Jerry didn't know that the TM symbol was misused - SBM may try to tie this to him)*

And if you think a document where YOU explain why AC was an illegal pyramid scheme means anything to anyone that reads this post ... well you get the idea.

I know what a pyramid scheme is and so does the FTC - and AC was not shut down. Did you notice that it's still a business now? I don't know it's current state but it's still out there! I have a feeling the FTC may be closing in on them though soon especially since you've provided such worth while documentation to all the authorities you are working so closely with!

snorg I do thank you for your asking her for proof - I've been asking this now for 3 pages of posts! she still hasn't given any. She keeps putting up link about other people and accusations against them but still nothing about Pastor Jerry or myself. I know, weird.

she is waiting for a court order I guess to remove the thread. I'm not going to say anything about that - but it's sad she would stoop to posting things that put a person's character into question without proof of wrong doing. court ruling or not it's wrong of her and speaks loud and clear! It calls into question any of the things she is supposedly fighting for

she keeps showing off proof that Tim D was rude and lied to her and on and on - how this applies to us I don't know. AC was an internet business - we never met Tim D face to face (just like the hundreds of people that joined AC) She is grasping for straws here and it's not turning out too good. Everyone on here can see that I've answered her questions multiple times and she still has yet to apologize or remove this thread. There are ramifications for this that are clear. Which is why I've also asked that she remove this thread immediately.

don't you wonder why she hasn't posted threads for the hundreds of people involved in AC? she says it's cause Jack used our pastoral status to get people to join - if that's true she will need to start threads of the 3 other pastors (may have been more) that I know of from AC back then

Snorg,

You were answered here:

<http://www.scam.com/showpost.php?p=765461&postcount=273>

Aaron,

The pyramid scheme issue was litigated in district court. I am sorry that is beyond your realm of understanding. The FTC and Texas Attorney General have open investigations. The agencies with limited resources and man\*\*\*\*\* can only go after big fish. Small time guys like Tim Darnell and Jack Weinzierl face the scrutiny of the BBB and reps were instructed by the Texas AG to get their own attorney and file suit if the BBB was not able to get them their money back. That is what is happening!

Aaron, you do understand that licensed attorneys wrote *my* motion. I did not author it. You are seriously misinformed. I didn't write the one for the BBB either. All these attorneys are in large prestigious law firms in downtown Dallas. One of the BBB attorneys for the BBB represented Oprah Winfrey and won her case.

Aaron,

You know perfectly well what is going on behind the scenes. There is another document very similar to this one with the names Jerry Weinzierl and Aaron Weinzierl on it. I am not a party to any suit currently being litigated, but your Uncle Jack is. He is trying to draw me into that and your names are on those documents. I can't post anything from a case like that I am not a party to until the case is settled and it is public record. Why don't you Weinzierls explain why your names are on documents that are making demands such as those below from Tim Darnell's losing case against me.

Aaron,

I am going to say it again to make it crystal clear. Aaron Weinzierl and Jerry Weinzierl are named in very strange documents that Jack Weinzierl is sending out. You post it and explain it. I can't post it now as it is not public record, but our readers have a right to know that you are involved in all sorts of strange things behind the scenes.

Aaron,

*The pyramid scheme issue was litigated in district court. I am sorry that is beyond your realm of understanding. The FTC and Texas Attorney General have open investigations. The agencies with limited resources and man\*\*\*\*\* can only go after big fish. Small time guys like Tim Darnell and Jack Weinzierl face the scrutiny of the BBB and reps were instructed by the Texas AG to get their own attorney and file suit if the BBB was not able to get them their money back. That is what is happening!*

*Aaron, you do understand that licensed attorneys wrote my motion. I did not author it. You are seriously misinformed. I didn't write the one for the BBB either. All these attorneys are in large prestigious law firms in downtown Dallas. One of the BBB attorneys for the BBB represented Oprah Winfrey and won her case.*

Soapboxmom

you are trying to smear my dad by saying he was involved in an illegal company - the point here is that hundreds of people were - in fact good people were involved - like the ones you are trying to help. So somehow because we were involved we are evil and they are poor helpless people. I don't get the double standard.

by point in what I said is that AC was not shut down for Illegal Pyramid practices was it? if it was let us know. the BBB doc you posted had nothing to do with an illegal pyramid scheme as was the current topic WYK was using to bash Pastor Jerry.

the next document - you wrote or your attorney wrote - WHO CARES? what's the point? the doc didn't result in AC being shut down as an Illegal Pyramid scheme either -

so why are you defaming and smearing us? please be fair on this thread by giving us information that we did something wrong or delete the thread.

You contact your Uncle Jack and tell him to post it. He is the only one who can do that. He should honestly share the document he wrote that has the names Aaron Weinzierl and Jerry Weinzierl on it. I guess you better find Jack!

also we are looking for more people that would like to share how their attitude toward Pastor Jerry has either changed or stayed the same because of these posts

Post the document and lets see if the public thinks Jack is a good man after reading it. Funny, but I took it as blackmail. More dirty tactics to harm a rep who lost their life savings and Aaron Weinzierl and Jerry Weinzierl are named in the document. Did you two approve of what is going on in the current court case where Jack is being sued for fraud and conspiracy? Does Jack ask you before he uses your names?

Your Uncle Jack is the author of the document with your names on it. Tell him to post it! Why is Jack tangling you, Jerry Weinzierl and me up in the case a rep filed against him? None of us are parties and I have no idea why he is dragging us all into his own mess that he needs to clean up. Why all this intrigue behind the scenes? He is your uncle and using the names Jerry Weinzierl and Aaron Weinzierl. Did you give him permission to use your names? Are you Weinzierls involving yourselves in this mess. I will not be drawn into it!

are you trying to be funny? If my uncle jack has a document that is for a court case - why would he post it on this goofy site? and if you think for one second that it bothers me he has our names listed in a document it doesn't in the least! (this assumes folks that she even knows what she is talking about - pretty big assumption)

I'm not at odds with Jack and never will be. I trust him completely and don't even care about this new document you are bringing to this truth box mom forum!

Aaron,

So, you are saying you want your names dragged into a lawsuit for fraud, conspiracy and violations of the Texas Deceptive Trade Practices Act filed against Jack Weinzierl, Tim Darnell, Jim McHugh and Advantage Conferences? All those documents will be public record soon. They will be posted and lots of publicity will be generated. Why are you and Jerry interjecting yourselves into a lawsuit for which you are not parties? I have never seen pastors that slam victims and support obvious scams. The world is a very scary place.☹

I'm be sincerely curious - what does it matter if I ask people to message me with information that pertains to this thread? if you are truly the out for truth person that you claim to be wouldn't you want the truth to come out as to the results of this thread against Pastor Jerry?

as the moderator aren't you supposed to be impartial and fair? then why do you delete my lines for people to message me?

I just read the forum rules and all they say is that you can't tell people in your post to look at your signature line. So I will not do that again. But is it against rules to ask people for information?

this is a fair site aimed at hashing out the truth right? it's interested in friendly banter right?

This is a discussion site open to all viewpoints and controversy and debate are its hallmarks. It is not Pastor Aaron's solicit for my fantasy lawsuit site. Any more of that and you will be banned and this thread will be left up but closed to new posts. Please come on and share your facts, documents and opinions. I think you have a document to post with your name in it and that is certainly part of "hashing out the truth."

Aaron, young lad.. you are so brainwashed it is insane!

The AG here in Texas, often won't act on a company that generates only a few complaints. Texas is a large state and they have to go after "The big fish"..

Just because the AG or FTC did not shut down Advantage Conferences DOES not mean it was legal.

It is clear that you do not understand the difference between a legit MLM and a Illegal Pyramid scheme.

The fact that Tim Darnell is pretty much broke.. The AG probably won't waste their time anymore!

You guys tried a get rich quick scheme and got your name dragged in the mud..

If you were smart enough you could have spun it to say that you were going to use all your rich's to go on a Mission Trip to Africa or something..

Yes, I know I can't spell. I just type to fast, don't care and don't have enough time to spell check. So please judge my post on content, not spelling.

Aaron, let me ask you something and please be honest. After all, you claim to be a man of God. Did you or did you not create the screen names InfoCollection and gccpj today? If you did not, then do you know who did?

The rules are clearly posted at the top of each forum. Using multiple screen names is forbidden. If this weren't so amusing, I would have banned your behind faster than you could say, "Time to pass the collection plate."

Also, has anyone ever told you that you look a lot like Pee Wee Herman?
