Gee, Tim,

What work could you have to do??? You had one "Treasures for Your Pocketbook" Conference already this year and with the unimaginable demand you only were able to schedule one more this year in your hometown to boot. I hope scamming folks out of their 10 grand isn't too mentally and physically taxing for you. We want you in good shape to appear in court when the unhappy reps sue your hind end.

Welcome to Advantage Conferences!

Advantage Conferences is a higher-learning educational products company that helps individuals on a massive scale improve their thinking as regards "wealth." You will not find information in this format, other than bits and pieces, available anywhere else. **This is a**

Company whose impact is already being felt across the globe!

**The vast majority of peoples' thinking regarding the concepts of income, finances, having wealth, giving, and money in general is seriously flawed. To not live abundantly or accept abundance in the midst of God's abundant provisions surrounding each of us is simply wrong. We can and will experience abundance when we shed antiquated fears and misconceptions that society promulgates regarding money and income.** Subsequently, we can learn to become much better and bigger receivers, givers, and contributors to society, ministries and our fellow man.

A substantially elevated financial situation is available for you and your family, beginning with your decision to accept a more proper view of, and use of finances (income and outcome), along with the genuine personal growth that occurs as a result of our products and unique corporate culture. **And equally or more importantly, you can personally learn to be instrumental in raising hundreds of thousands and, yes, millions of dollars for God's kingdom, by acting on the appropriate thinking and methodologies taught here.**

Advantage Conferences' unique training and techniques are indeed unprecedented and unparalleled. You will find this to be a Company based on sound, unwavering, Godly principles; **and you will sense the impact that will soon be felt in your life and the lives that you are about to touch.**

Upcoming Millionaire Mindset Conferences

October 27-28, 2006 - Dallas, TX  
The fall Millionaire Mindset Conference will be held October 27 & 28, 2006 at the Grand Hyatt Hotel, DFW Airport.

---

Let's be honest! The only impact felt is the empty pocketbooks of desperate reps across the globe who can't recoup their ten grand. And if they do recruit they live knowing that they are putting others in the same position of great financial hardship.

If God's will was abundance for all then why are my family, governments across the globe and countless others giving money to feed the 800 million across the globe that are going hungry? Where is their abundance? How are you, Tim proposing to see that all know this great abundance? Care to explain that scammer? How are you going to significantly and permanently increase folks income so that they can be bigger receivers and contributors to society???

Millions of \$\$\$\$ for God's Kingdom???? Where is that money going to come from and who is it going to benefit?? Taking ten grand from unsuspecting reps and putting 7 grand in your pocket or Jack W's is hardly giving to God's Kingdom, now is it? If these reps for AC are guaranteed such great success then you should have an honest disclosure of the actual reps earnings in a table on your website that shows the average, high, low earnings and the drop

out and refund rate. Where is this honest disclosure my boy????? Folks trust verifiable facts. Is it hard to run this bum deal out of your extra bath?

God is watching and we are waiting, Timmy boy!

**Re: Advantages Conferences / Tim Darnell**

Hey y'all,

Funny I found this board, I was just looking over the information for advantages conferences, and had my email address removed. I have been researching for about a month now, on something that I could start up at home. That's awfully steep price, for signing up, I see how he gets his \$7,000 checks LOL Must be nice. I've taken them off my list of companies to get information from!

Also here's some information that I think might help y'all. I recently joined a program, called mynetworthbooster.com, ( am not advertising this, just warning y'all not to fall for this one) I just cannot afford the advertising, it's \$20 fee to sign-up but when you get into the system they charge \$69, for thier MLM software, I think it's leads for advertising the website that they set you up with, then you get an autoresponder; and leads. Anyways I am requesting a refund.

I asked for a refund, the customer service, rep claims they cannot find my nickname in the database, but I receive information on advertising for the sight that signed up for. GRRRRRRR this search is beginning to get frustrating; so far I've heard alot of negative stuff on MLM, but I know there are legit MLM companies, I will keep searching. I just thought this information might be helpful, with this one that I just posted; incase y'all come across it. Anyone ever, heard of X20? I was just sent email from someone that has that biz, appreciate the input.

The unique, innovative methods taught and implemented by Advantage Conferences are available for Christ centered ministries who have a minimum \$100,000.00 dollar (US) fundraising budget or more. The corporate giving goal of The Fundraising Advantage for God's kingdom is \$250 million between now and the end of 2010.....

TFA methods are proprietary and require legally binding NDNC (non-disclosure, non-compete) agreements prior to full disclosure of details. A small security deposit is required once your organization (TFA Partner) is in full understanding of the simple process and is only confident, but excited in moving forward.

TFA works in conjunction with major institutional funding houses in million dollar transactions. A recent confluence of events occurring in the economy, institutional funding houses, and the insurance industry have allowed this phenomenal conceptual breakthrough and benefit to be a reality. Others who are aware of this concept use it for personal gain. TFA uses it to direct substantial monies into God's kingdom work - in particular those organizations that are genuinely doing God's work. (James 1:27; Matthew 28:19-20)

TruthVsFiction,

Was that post the first episode of "I escaped from my straightjacket"? That you think my writing equal to that of a best selling author I take as a great compliment. If you still believe that I am also masquerading as Wishyouknew then please contact a moderator and ask them to check that out for you.

Please do explain to us how those lying goons at AC are part of a Christ centered company. Here are some selections from Jack W's bogus press releases of spring 2005.

Quote:

---

Jack Weinzierl is Currently Reviewing 3,278 Candidates for Their Advantage Conferences

Team of Christian Entrepreneurs.....I am currently reviewing 1249 professionals that have submitted their profiles, since we launched in March 2005. Our selection process focuses on a person's vision, drive to realistically earn 7 figures in the next 18 months, and a commitment to coach others in our Millionaire Mindset program. Only 12 people have been selected for my team, as of May 1, 2005. If you would like to be considered, visit:

---

He certainly didn't reject 99% of the prospects. AC will take any poor slob that can beg, borrow or steal the 10 grand. If that scenario were true we would have folks on here complaining that they were turned down for this opportunity. Where are the earnings tables for all the reps that confirm this alleged 7 figure income. Jack should be happy to provide that appropriate documentation.

Now, since we are discussing fiction, I expect as you are one of many that have accused me of lying that you will, of course, point out said fiction and refute it with verifiable facts. I have not had anyone come back with anything but vitriol. So, I suggest you hop to it. Are you really so far gone that you think I am Dan Brown? Everything I write is verifiable fact, opinion and inferences that could reasonably be drawn from such. Perhaps I am not the devil incarnate, but called by God to see you scammers are exposed. Who is being hurt by getting both sides of the story about AC? Only the scammers who can't recruit and con people are effected by my words. Saving innocent folks thousands of \$\$\$\$\$\$ might just be community service. There is nothing in your conference that one can't get online, at the library, in church or from a qualified financial advisor for thousands less.

I am praying too. I can't stand to see folks ripped off by bums like you. You just advised them not to listen to skeptical friends and family. Family and friends often have one's best interest at heart. All you are interested in doing is emptying their wallets and fattening yours. How is this bum deal a long term business? How long can you keep finding people gullible enough to be parted from their 10 grand? And you only have 1 more bogus conference this year. Tim is so hard up he picked his place of residence--Dallas. Some vacation spot that is! Everyone will be clamoring to go there. Is he offering tours of his office/converted john?????

From the old AC webpages:

Quote:

Thank You for Your Interest!

Please check all boxes that apply to you:

Yes, I would like to find out more about earning \$7,000 on an ongoing basis!

Yes, I am serious about earning

\$100,000 plus this year

\$250,000 plus this year

\$500,000 plus this year

\$1,000,000 plus this year

I want access to the complimentary "Getting Started E-Package".

**IMPORTANT...**

\* Finding out about how our System works is your responsibility. All you need to know is about to be made available to you, but it is your job to actually absorb the simple information prior to conversing with your Advantage Conferences Rep. Once you get started, you will have ongoing, personalized training and coaching.

\* You will not be called by any Rep or Company Staff until you have properly filled out the Interest Form and completed the following steps:

1. Received and reviewed the twelve page, "Getting Started E-Package"
2. Linked to and reviewed the Compensation Plan Power Point Presentation
3. Registered for, and attended the Live and Interactive Tuesday or Thursday evening \$7,000.00 Teleconference

There are so many people interested in our unique and effective "\$7,000.00 Over & Over & Over Again" Millionaire Mindset Income Producing System that we only have time to deal with candidates who are genuinely interested. Completing the above three steps is a good indication that you are a serious candidate.

Thank you for your cooperation.

As your (Pro) Rep, I look forward to discussing the area(s) of interest you have indicated. Thanks for your interest in Advantage Conferences!

Tim Darnell

---

Now we know just what kind of dishonest tactics Tim and Jack use to lure unsuspecting recruits in. I am sure we could count the reps making that kind of money on my fingers. They won't disclose earnings because as we all know the vast majority of reps are losing money hand over fist. And you can't fool Mom here dear. Different states have different requirements, but many require disclosures of some type. Heck even Melaleuca publishes and we know 54% of the reps make a whopping \$8.67 a month. We also know the whole premise behind this scheme is make \$7000 over and over, so don't insult our intelligence and claim that the reps aren't all encouraged to come in at the \$10,000 level!

*#2 I have known Jack Weinzierl and there was nothing bogus in any of his releases. His reputation is unblemished and I knew him when he was the president of his last two companies as well. Your statements about his press releases being bogus signifies to the world that you are not interested in the truth.*

*Someone can do a google search on Jack Weinzierl to learn more. Your note about rejecting 99% is also without merit and you are losing credibility with each point. If you had taken the time to do research before reaching for your key board to bash another company, you would know that more than 90% of folks do not go through all 3 steps and even then about 1 in 9 interviews are declined. Advantage Conferences is one of the only companies out there that do not take someone's money unless they understand that they are purchasing the Millionaire Mindset Conference and mentoring. Every candidate has to be approved before getting started with AC. And, anyone can start as a representative for \$59.95 and plug into all the training and mindset calls. Once again, you are incorrect painting with your wide brush.*

---

I am sorry that grade school math is challenging, but Jack ol' boy said he was reviewing 1249 professionals that had submitted profiles--as in all three steps and only 12 (less than 1%) were worthy of his team. Now, that is a total crock. Any poor slob that can find a way to procure the money no matter that their homes and living expenses are put in jeopardy is accepted. Tim promises them tremendous return when most lose all of their investment in his scam. It is the "Treasures for Tim's and Jack's Kingdoms Conferences" isn't it? And the motto is \$7000 over and over agin which means everyone is conned into signing up at the \$10,000 level.

There are very few companies in this industry that publish earning tables and many that do are public companies. A private company does not need to tell all of its competitors of its success. The fact of the matter is that the MMC which I have now personally attended is worth far more than the price that is charged for the conference and when coupled with the ongoing training and mentoring is a tremendous value. Once again, you have not attended nor have any experience with AC's training and mentoring so you are talking out of some preconceived bias.*

---

Companies that publish earnings do so because the states they do business in require it and of course anyone with 2 working brain cells is going to demand to know the actual earning potential. A real job has a set salary, so who wants to deal in mysteries? The income potential was stated on the website (please see previous post!) Jack is probably the only rep approaching the earnings figures those dishonest goons sign you up for. And that was Jack's press release that said "Our selection process focuses on a person's vision, drive to realistically earn 7 figures in the next 18 months" That is such an egregiously misleading come on. How many millionaires if any has AC made. The only 2 making any money are Tim and Jack. And Tim is in a \$177,000 house in Allen (you know the one with the john converted into an office.) So, if you are so Christian than you would value honesty and the actual earnings would be cheerfully made public so folks could see the great work you all are doing for God's Kingdom. Why don't you tell us why all the charities listed on the site were removed. Your lying goon Tim got caught by Mom. They were not registered charities

according to the IRS. Your hero just outright lies.

Well, I certainly don't think God wants folks to put their homes and families in jeopardy to line Tim's and Jack's pockets. Don't hand us that ridiculous crap that millionaire mentors donate their time either. Real successful qualified people will only work for free for a legitimate charity. Cons like you would not be getting anyone with any education, experience or business savvy worth listening to for free. What you will **NOT** be doing

**# You will not be making any presentations.**

**# You will do no selling, calling, explaining or persuading.**

**# You will not be required to make a list and contact your friends and family.** # You will not be doing home parties.

# You will not be stocking or shipping any products.

# You will not be required to make any monthly purchases.

# You won't be required to constantly attend hotel meetings.

Advantage Conferences (AC) has openings for professional, quality, high integrity individuals to represent AC's products as an independent contractor (1099) to work from the comfort of a home office or, once established and if so desired, from an out of home office environment.

The appropriate candidate must be capable of:

- \* Consistent effort
- \* Long term commitment
- \* Positive attitude
- \* Well-mannered
- \* Strong self-image

**The Representative (Rep) opportunity is a direct sales, commission position. Commissions are created on the sale of a product only, not in recruiting people.**

Management positions are attainable for Reps based on sales production and approval of the Home Office. Management positions allow a qualified Rep to build a sales organization that they will train and manage with the help of successful Professional Representative (Pro Rep) trainers on an ongoing basis.

If you are interested in finding out more about the Advantage Conferences Rep

opportunity, simply review our information via the 3 Simple Steps and then fill out the President's Interview for further consideration. You must carefully review (complete) the 3 Simple Steps information in order to be considered as a candidate for the Representative position.

Should you be accepted, there is a \$59.95 application and enrollment fee.

The Advantage Conferences opportunity provides a lucrative income potential for someone who is looking for a career change or additional income. Reverse Margin's commissions include 50 to 70% margins for the Pro Rep.

The 3 Simple Steps are:

1. The Getting Started E-Package (16 pages)
2. Compensation Explanation (Flash Presentation)
3. \$7,000.00 Live Call (this requirement may be fulfilled via a recorded call also)

Yes - I am interested in finding out more information and understand that I am eligible to discuss further details and ask questions of a Company Rep upon completion of the 3 Simple Steps. I also understand that I am under no obligation as a result of receiving this information to purchase anything and that I cannot enroll or buy anything at this time.

Okay goons, which is it? Do we sell or not? Do we recruit or not? Remember that you are a Christian Christ centered company. God is watching! Let's hear the gospel truth shall we.

**Re: Advantages Conferences / Tim Darnell**

TruthVsFiction,

Lets let TRUTH be a factor here in this discussion.

Truth # 1.. I use to be a AC rep, I am not Dan Brown.. Just a person who has learned a great deal from my mistake. Tim Darnell almost cost my my life and family..

Truth #2.. Please tell me why Tim and Jack lied to everyone to say that they had a Federally trademarked product when in fact they did not and NEVER did.

Thruth # 3. Please tell me why Tim Darnell lied to everyone that he was in fact a member of the BBB in good standing. When in TRUTH the BBB did not let him in. And then he has the guts to try and sue them.

Thruth # 4. Why have I and others filed complaints with the BBB and the AG againts Tim Darnel because of his lies..??

Thruth #5 . Why did Tim Darnell deny refunds to many people he promised a refund to (including me) after we attended a conference? One of the ladies he denied ended up having to go into foreclosure on her home because Tim talked her in to re-financing it. ( he

is really changing lives for the better huh..?)

Truth # 6.. Please tell me why Tim Darnel is officing out of his home which in fact is nothing more then a middle class \$150,000 home, in Allen, TX . He is not himself a millionair?

Truth # 7. Please tell me how and why Tim Darnel's last business All Star Entreprenual failed? (PS--I know the truth!)

Truth # 8-- Please tell me how on earth paying \$10,000 for a so called product that does not include a linsenced financial advisor, plane trip tickets, hotel room, or food is actually worth \$10,000. Of Course its not. You are paying \$10,000 to participate in an illegal money game.

Lets face it.. There is no earth shattering news that these speakers are preaching.. You can read the same stuff from a \$10 book at Barnes and Nobel or going to church on any given Sunday morning.

So to say that you have a legitimate product is FICTION!!!

*Yes, let's talk facts:*

*1) Your life and family. I now know who this is and it explains a lot. I wish you well and I am sorry that you quit on yourself and your business. AC is designed specifically for people who need help in mindset. Will there always be people who quit on their dreams, on learning and on their business, you bet.*

*2) Actually the term Reverse Margin is trademarked and that applies to the compensation plan that AC has in place. Other terms were applied for and really don't really matter since others use Reverse Margin in their marketing.*

*3) Justice will be well served in this case.*

*4) I have been around long enough to know that there are people out there including yourself that hear what they want to hear and then do not take personal responsibility for their actions and businesses. You then state that so and so lied to somehow excuse your performance. You really need to read Slay Your Giant or Your Best Life Now.*

*5) Actually the lady that you mention never attended the conference and once again, you are sharing lies and your opinion and acting as though it is fact.*

6) Please tell me why the fact that Tim has decided to pay out over 70% to the field and lives with a focus on the Almighty vs. the almighty dollar, have any relevance. Tim is not the speaker at the Millionaire Mindset Conferences. You are really stretching here.

7) I know the truth as well which is why you did not post it here. I have personally had another business fail in the past and there are many variables including partners that have the majority vote and who have a tendency to write themselves checks out of a corporate account.

8) This is the most idiotic thing that you posted. Networking with Christian Millionaires at each MMC coupled with the weekly mentoring and training is underpriced. In fact, people can plug into the weekly training for \$59.95.

9) WishYouKnew = fiction. Every one of your points is from a bad personal experience that you evidently take no responsibility for.

Go open a franchise or a business of your own and then decide to quit a few months later. This is a business and a place to grow personally, not a get rich quick scheme. If that is what you were looking for, you were in the wrong place.

TruthvsFiction,

You didn't answer why Tim Darnell refused to give WishYouKnew his refund after he attended the conference. If you people promise to give refunds back to people who attended the conference, why did WishYouKnew have to go through all that he did in order to get his money back?

Do you really think people would pay \$10,000 just to plug into these calls? I don't think so!

Let me tell you - I'm also an AC rep right now and I do take responsibilities for my actions. I've been on the training calls as well. I have decided this business is not for me. I do plan on attending the conference this October and you bet I will ask for my money back. I also know that I will not be given my money back easily. Tim Darnell has a way with twisting words - I no longer trust him and I just want everyone to know that I am truly disappointed with this company. I don't doubt that many who are involved in AC are true Christians and I don't blame anyone but myself for being so stupid to trust a company just because it's Christian.

You bet I will be warning people about AC.

**Re: Advantages Conferences / Tim Darnell**

I actually think TruthVsFiction is Tim Darnell who has toned down his Pat Robertson act from his previous postings as Poweroldglory...

Lets re-examin TruthVsFictions last post.

1. Trust me.. You don't know who I am.. You WISHYOUKNEW!!! If you think you know who I am then you are in fact Tim Darnell. Who else would recieve compliants and know about them from the BBB and AG.. This is obviously Tim..

2. Again you are wrong. The Trademarked logo was in fact in the place refering to your product Millionaire Mindset conferences.. NOT reversed margin. Also, show me where that term is Traded Marked and show me that YOU have the legal rights to use it. You obviously don't know the law when it comes to getting a PRODUCT trademarked. Reverse Margin is a business model, not a PRODUCT..

After the BBB made you aware of this you have since made some MAJOR changes to your website including a small earnings disclaimer.

3. Justice will be served againts AC. I know for FACT that AC is also under investigation with the AG.. I know I am not the only person to have filed a complaint with AG. Its ironic that you are filling suit againts the BBB when their standards of membership are that of Christian standards. I have also been told that the BBB has never once been successfully sued.. So GOOD LUCK ON THAT. I doubt your going to to be the first.. I don't really know what grounds you would have to sue them as nothing they are reporting is false..

But, if thats what Christians do is go around sueing everyone they can.. Then thats your problem to deal with , with you and the lord..

( can you imagin what the Judge must be thinking in this case--- On one side you have an orgnization that has been around 85 years in the BBB and has earned the trust of millions of Americans including the Government and on the otherside we have a guy who has a horrible track record and has bounced around to ever MLM in business and is currently under investigation with the AG) hmmm no brainer.....TIM, YOU MUST BE SMOKIN CRACK!

Should I go back to your Yahoo Group and show you were you signed your e-mail proud member of Better Business Bureau. It should still be there for the public and courts to view unless you have taken it down!.( Tim, that is a LIE.. You never were a member, they would not let you in!) Also, shall I dig up the e-mails you sent stating that Advantage Conferences was a member of the BBB???? I will be happy to post them on SCAM.COM for all to view!!!!!!

4. ) So you are telling me that all the others who have filed complaints with the BBB and AG are all in the wrong and you are in the right.. Man you have really lied to yourself so often that you are starting to brainwash yourself. Thats the difinition of true insanity!!!! AGAIN, YOU MUST BE SMOKIN CRACK ROCK!

5.) If Tim was truely living by the Almighty God then he would have giving the lady her

money back who was so poor that she lost her house. Tim, had zero pity on her and basically called her a mental patient to all the other reps..

6.) Tim has stated before on his website that his business failed because of others who were not Christian and very unethical people.. You would think a man of God would not surround himself with non-believers..

7.) Your right. I don't take any responsibility for the fact that I was lied to by Tim.

I do however take personal responsibility for my own stupid actions of ever getting involved with something that is ILLIGAL!

Thats basically what Tim Does.... He takes the \$10,000 and if others fail he blames it on their lack of being a good sales person or lack of motivation.. Tim has zero problems sleeping at night..

You still think you know who I am???

Hi Brian,

Day 1 was illuminating in ways that I never imagined – an utterly amazing contrast with day 1 speakers and day 2 speakers. Day 2 was positively one of the most profound experiences I've ever been a part of, especially the final two speakers. I was in tears during both of their incredible presentations. They both took me to places I had not yet been. Powerful, powerful!

On Sunday, we had an excellent worship service – three came forward and accepted Christ! We had a great testimonial from Don and Jackie Goldstein, Bible study, singing, and sharing from the hearts of all attending. What a great day!

Know that we are intent on Maui being the next event. We are not officially publishing the news yet due to not having a contract in place. We've worked with this hotel before – not only is it immaculate, they are probably the most service oriented Hotel staff we've ever had the pleasure of dealing with.

It just doesn't get better than this, brother!

Blessings,

Again, I am certain that no real qualified professionals will willingly donate time to Tim. They would only volunteer to help a legitimate charity. So, who are these folks and why on earth would I pay 10 grand not including airfare, rental car, hotel and food etc. to hear them speak? I could invest the 10 grand, take a boatload of college classes, pay a qualified financial advisor for a consultation or any number of other things than line the pockets of scammers who can't even honestly disclose the earnings of reps or the identities of scheduled speakers at their conferences. Facts, my boy! Your eloquent blathering will not side track us from our fact finding. TruthvsFiction,

If you are not Tim Darnell, I truly feel sorry for you because you think that what we are saying are lies. Like I said, I am a rep but I lost respect and trust in Tim Darnell and AC because of all the lies going on. I'm not here to disrespect anyone --I simply want to warn people about joining AC.

AC is a pyramid scheme with a disguised product. Of course people could join at \$59.95 but how many do? If you weren't interested in the money would you even consider joining this company? I really wanted to believe that joining AC was the right thing for me. I really trusted the fact that this was a Christian company. But somehow something just didn't seem right. The more I thought about this company the more I realized that there really is no product worth \$10,000. I just could not bring myself to get other people to sign up under me. The more I prayed about it the more I realized that AC is just another money game using the name of God to make trusting Christians fall prey to this scheme. Tim Darnell is smart and he knows exactly what to do to legitimize AC. He knows exactly what to say to gain the trust of Christians.

Believe me, I am not trying to speak ill of anyone. I have a lot more to say about Tim Darnell but I'm not going to. My goal here is to warn people to stay away from AC. Mostly I blame myself for being stupid, for being so trusting. I have learned a great deal from this experience and for that I'm thankful.

Wishyouknew is not lying either. He's been through a lot and he's just trying to save innocent people from throwing away thousands of dollars. TruthvsFiction, if you really

believe that AC is a God-sent business, then there's nothing we can say to change your mind. I only hope and pray that one day you will come to see AC for what it truly is.

I met a lot of wonderful people who are reps and I hope one day their eyes will be opened also. In the meantime, I will do all I can to share my experience with AC so no one else will have to go through what I went through.

Of course they say that you brainwashed MLMer. I will bet that million that not one rep(I am excluding Timmy and Jacko as the scammer and heaviest hitter)ever makes a million so we will never see any donations now will we. Sheesh!

fluidscriber,

Please don't blame yourself in any way. Religion and business should never be commingled. You were taken by serial professional scammers. They have made it their life's work to take people by using their Christian values as a wedge. When you have time to step back and really see how they skillfully manipulate people you may harden. If you do it only takes five minutes to fill out an online complaint with the Texas Attorney General's office. The AG will go after schemes that get numerous complaints, so please know that is an option you have. Tim will continue to victimize caring trusting Christian folks as long as this doesn't get the attention of the authorities.

TruthVsFiction,

Are you saying that in a large group conference I can get the equivalent of the services of a business consultant? You silly man. Each individual attendee would need a private session to evaluate what strategies and business choices are right for the business they are in and their cash and time available. You really are grasping at straws now aren't you? For 10 grand I could get a lot of legal advice, tax advice, business consulting, computer specialist or revival meetings couldn't I????

Are you threatening me with a lawsuit??? Sued for telling the truth! Classic! I have been threatened before and in fact have been contacted by certain authorities. Lady Mod knows the scoop and as long as we stay in line Scam.com will protect our identities. But with my big mouth and typing fingers suing me sure would generate some really voluminous and negative publicity so it would just further my cause. And my loud boisterous children screaming way to go scambusting Mommy would be a nice touch, don't you think?

Oh, and those troublesome little facts-----Earnings, speakers credentials, charitable giving. We are waiting! I have a wonderful business. I am educating 2 wonderful children and they know exactly what I am doing as they complete their school work. They should be joining us soon. Helping others by exposing this scam is a worthy job to be sure. Tim thinks God called him. Well, maybe God called on some scambusters as well!!!!

**Re: Advantages Conferences / Tim Darnell**

This is a letter from the President of Bio Performance. The reason I am posting this is because this is what the Reps from AC will soon be seeing sent to them.... For those of you who don't know BioPeformance a company out of Irving, TX has been under investigation first by the BBB and then the AG came in and shut them down.

This is comical and a prime example of how consumers reporting complaints and taking action can do!

This just in from Bio Performance.....

Tues. May 23rd, 2005

Daily Bulletin

Keeping You Informed About BioPerformance

Each Monday-Friday we are posting this report of our progress in Texas and elsewhere throughout the United States.

First: We've had lots of people call us and send us emails asking if there is anything all of you who share the dream of BioPerformance can do. And there is: demonstrate we are good citizens by continuing to observe the stipulations of the Texas TRO:

DO NOT MAKE ANY OF THE FOLLOWING CLAIMS:

1. Will reduce the emission of gasoline or diesel powered vehicles;
2. Improve gasoline efficiency or fuel economy of gasoline or diesel powered vehicles, or
3. Are safe and non-toxic;

Does that sound familiar? You bet it does: because it's straight out of our BioPerformance IBO policies and procedures, and precisely what you already are doing. Nevertheless, now as never before: we need you to redouble your efforts to comply with these rulings until we have successfully responded to the detail of the TRO.

Second:

Some IBOs have volunteered to begin a write-in campaign to the Texas Attorney General. PLEASE DO NOT proceed with any of these well-intentioned but potentially unproductive adventures. The AG is aware we have many supporters and will only be annoyed by an avalanche of emails.

Third:

We realize how anxious everyone is to be informed (that's precisely why we have initiated this DAILY BULLETIN: so we can keep you up-to-date, up-to-speed and continually committed to BioPerformance). However, we remind you that contacting our banks or vendors is a violation of the BioPerformance Policies and Procedures. For instance, our bank has been gracious and professional in seeing us through the current challenges, but their resources have been exhausted by IBOs calling for information that is not available except by BioPerformance permission.

Fourth:

DO NOT contact Advent Communications unless you are reporting a media inquiry. And then: the best way to reach Advent is via email. Like our bank, Advent has received many IBO questions.

Advent Communications does not respond to questions from IBOs and has no authority to act upon IBO requests.

Advent Communications does not report contacts to BioPerformance except when they involve media relations issues.

If you have any reason to contact BioPerformance for matters that do not involve the media, send your communication to, address your issues through the Customer Service Help Desk on your web site.

Fifth:

No BioPerformance IBO should be giving interviews to the media. If accosted to the press, simply decline to respond. If they follow after you, decline. If they insist: DECLINE! You may confidently say: "All media inquiries are being answered by Advent Communications which you can reach at 214.378.6280 x1192. Or you may contact Dr. Jolley, President of Advent Communications, at [clifton@adventcommunications.com](mailto:clifton@adventcommunications.com)."

If you are contacted by the media, report the contact to Advent Communications.

The most effective report is delivered via email to: [clifton@adventcommunications.com](mailto:clifton@adventcommunications.com).

You may also make a report by telephoning 214.378.6280 x1191.

Be sure to provide the following information:

1. Your name, phone #, email address, and Distributor ID
2. The name of the publication or TV Station making the inquiry
3. The name of the reporter
4. The telephone # of the reporter
5. The email address of the reporter.

When leaving a telephone message, repeat each of the above twice.

Sixth:

BioPerformance is proud of our record of prompt payment every week of IBO commissions...until this past week. Due to the TRO, our bank accounts are temporarily frozen. Every penny of your commissions is safe in those accounts and will be paid as soon as the Texas Attorney General releases the funds. We anticipate this to be not later than our hearing at the end of the month.

Seventh:

Many of you have expressed concern that this temporary set-back has discouraged IBOs in

your organization. While we regret there are those who will not stay the course, we would remind you that BioPerformance compression will compress the commissions of those who drop out upwards to you. Everyone should act upon their conscience and the necessity of their circumstance...but it is appropriate, right, and fair that those of us who stay the course will reap the greater reward.

...AND WATCH FOR YOUR DAILY BULLETIN TOMORROW...WHEN WE WILL HAVE MORE NEWS AND IMPORTANT INFORMATION FOR YOU TO MANAGE YOUR BIOPERFORMANCE BUSINESS!

Committed to Your Success,

Lowell Mims

President of BioPerformance, Inc.

That scammer promised his recruits 1 million (7 figure income) in 18 months. He is the top rep under the founding scammer Tim and he has just cleared half that. We all know almost every poor slob recruited has lost their 10 grand. I know when we get an updated number of reps the math will show that Tim and Jack have made the majority of the take.

Do you really think that MBAs, presidents, chairmen, executives and other professionals are going to work for Timmy for free? TruthVsFiction,

Get with it. I poked fun at that ridiculous schill fest months ago here and on Quatloos. Those are about a year old, so why don't you update us on all the reps progress.

Statement of Orientation by

Advantage Conferences President, Tim Darnell

"Individual Value / Guiding Hand"

An abiding fundamental principle of our Company, Advantage Conferences is that people are our most important asset. We have, and will continue to emphasize and celebrate the intrinsic value of all people, and especially each person associated with us.

Bottom lines, projections, profit margins, etc., are all issues that I am aware of and concerned about as the owner of the Company. However, these issues pale in comparison to the importance of our individuals. Each person that hitches their wagon to the star of our ideals and progressive campaigns is created by God and has infinite value and importance. Accordingly, I daily seek to understand the needs and concerns of each of our members.

Our business model has been constructed around satisfying and enhancing the financial conditions of our Reps, but there is much more that must be attended to. Our members have families. Most have children. Each family unit (including our singles) experiences crises, failure, sickness, loss, frustrations, and chaos to some extent at different times in the course of living life. I am aware of all of these things.

It is for this reason that we make no small effort to guide our members in matters of spiritual growth and ethics. One small manifestation of that ongoing effort is our weekly publication of "The Messenger". Each issue attempts to deliver to our members and subscribers Biblical truths that provide guidance and help in virtually every facet of their lives.

There is no question that God has his hand in my life, my family, and on this business, and that he amazingly watches over each of us minute by minute. He has His hand on you as well. He is our guide and companion on a daily basis, and for that I am personally humbled and grateful.

It is important for you to understand that the business of Advantage Conferences is God's

business. And so - in every policy we institute, every word we speak, and literally everything we do - we do so dedicated to amplifying His glory and not our own.

I am awestruck by how God can use imperfect people like myself and our Reps to further His Kingdom, if we will let Him. I don't write this to impress you or lure you to our business. I do so to let you in on where I stand and how this Company operates.

If you prefer a business to be secular, then you will find many of our competitors to be a better fit. If you find the idea that God is brought up on a regular basis, that He is our Guiding Hand, and that the truth of the Bible is our absolute guide to be unsettling, then you will probably not be very comfortable here. But the idea of separating God from one's business is a serious mistake in judgment. Attempting to keep the Creator out of that which He created is nonsense.

We indeed are resolute in creating profits and better financial situations for hundreds and even thousands of Reps. But we are more resolute in doing business correctly, with God as our guide, Jesus Christ as our model, and constantly recognizing and delighting in the value of our people for their intrinsic worth.

You are infinitely valuable. You are God's child. I encourage you to live your life with that in mind. You will be treated that way here.

Folks this is unbelievable. Business and religion should never be mixed. Why should you pay him 10 grand to shepard you when you can get that at your local church from folks who truly are spending their time doing God's work? Tim doesn't value anything but your pocket book he is wanting to empty. Tim is pocketing your money and we have seen no evidence that he is in any way doing anything charitable at all. All those charities he said they supported have been removed from the website because they are bogus. They were not listed with the IRS. Where are the earnings disclosures to prove that all the reps are prospering as God intends? If you want to give to God's Kingdom there are a lot of better ways. Let's flood Unicef with donations and see no person ever goes hungry again. We could all send Timmy copies of our receipts and thank him for inspiring us to do God's work!

Gee whiz, thanks to Spanky I just realized our quite amusing TruthVsFiction got himself banned. He was actually toying with the idea that I might be the author Dan Brown in disguise. I am so honored he found my writing so exceptional. At least he appreciated one of my talents. I also think his saving all my posts was very touching. The subtle hints of lawsuits are just what we were hoping for. Legitimate businesses do not need to sue regular folks. Real companies listen to consumers thoughts and even pay for market research to see what the public wants. I am flattered that AC is so desperate to shut us up. That leads me to conclude that many folks are wisely hanging on to their wallets and running hard and fast. And only true scams are so desperate to silence naysayers. Maybe the next rep AC sends over will have some better debating skills. This Truth character wasn't much of a challenge!

FOR IMMEDIATE RELEASE

#### Terry Goddard Settles with Personal Development Marketing Company

(Phoenix, Ariz. – May 24, 2006) Attorney General Terry Goddard today announced a settlement with Liberty League International, LLC, and its principals, Brent Payne and Shane Krider. The consent judgment resolves complaints that the multi-level marketing corporation tricked customers into spending substantial amounts of money by promising "sizable commissions" if they helped market three "personal development" products and recruit new participants into the program.

The settlement requires Liberty League International, based in Scottsdale, to pay \$115,000 which will be used to pay for consumer education, attorneys' fees and investigation costs, and victim restitution to be determined by the court at a later date.

According to documents filed in Maricopa County Superior Court, Payne and Krider said customers had the potential to earn large sums of money if they used and recruited new participants to use Liberty League's "personal development" products. In fact, the majority of participants did not earn enough to cover the amount they paid to buy the products sold to them.

The personal development products included a home-study course, a four-day personal development conference and a five-day personal finance and development conference. Prices ranged from \$1,495 to \$12,995 per person.

In addition to the civil penalties, attorney's fees and restitution, the defendants are also required to:

- Refrain from making unsubstantiated income claims.
- Advise potential customers of the correct percentage of participants who have made a profit through their participation in the Liberty League program.
- Refrain from making any false or deceptive statements in their marketing materials.

Assistant Attorney General Nancy V. Anger handled this case.

If you believe you have been a victim of fraud, please contact the Attorney General's Office in Phoenix at 602.542.5763; in Tucson at 520.628.6504; or outside the metro areas at 1.800.352.8431.
