The answer to that is if you're gonna get involved in MLM scams, you'll start and end as a loser. Best thing to do is get real job or go into business for yourself, not giving your money to your upline. Or go to college. Stick with the 3, you'll be a winner! Not a whiner.

And remember this: NEVER EVER pay for work! MLM scams will take your money and leave you at the bottom. Now if you go into business for yourself only, that's different. In MLM, you are not working for yourself as they say you are, you are sucked into a pyramid scheme. Hang in there bud. Life will work out for you.

Hey, has anyone noticed how the 'for' column in the poll has skyrocketed in the last week or so. In fact it's up 30 votes to 40. Wow, I guess there's nothing wrong after all guys. AC is legit! The statistics prove it!. 60% of the votes say its legal. Your job is done lets all go home. You made a mistake, SBM WYK et al!!

NOT!!!

Is it me or is there a coincidence here? LOL!! The MMC was at the end of last month and they all posted in the last seven to ten days. Duhhh!!!!

We are getting alittle off topic here. Looks like someone is signing up under a bunch of diffrent screen names to scew our poll for Advantage Conferences. .

Our Boy Jack W. did this a while back I was online one day and watch him sign up a bunch of fack screen names just for voting purposes.

A crook who hounds people at their home trying to sell her ultimate scam services.

Come on out Belinda Condell and introduce yourself.

Part of the Michael Dlouhy scam network.

Better remove your sig sile from your post you loser. Here's a lady (use the term losely) that never built a network in her life, professing to "help" you build yours.

All the while she lurks around like a hooded crook in a dark alley waiting to steal your money to join her netwrok of buffoons.

Even funnier, the idiot who's ebook she's distributing never made it in mlm either

You're disgusting.

Your posts in this forum are the equivalent of Ken Lay (before he died) posting in a business ethics forum.

Re: Advantage Conferences BS (Merged)

It's painfully obvious that this thread has been hijacked by morons, sorry, cretins. They obviously have the moral fiber of a Big Mac the integrity of Bill Clinton and the intelligence of Paris Hilton.

SBM, WYK or whoever, this thread is all yours. Maybe you can get back on track and cause these doyens of the written word to slither back under the rocks from which they came.

If ever there was an argument for stunted evolution these idiots would be living proof. Problem is they emerged on dry land and the poor souls couldn't figure out how to get around outside of their habitat. Consequently they continue to crawl around in a primeval slime to this day.

Message to the guardians of this site - I'm a proponent of free speech but this kind of garbage turns my stomach. I will not be back. These people (I use the word loosely) are not interested in intelligent discourse.

Re: Advantage Conferences BS (Merged)

The first basic law of human stupidity asserts without ambiguity that:

Always and inevitably everyone underestimates the number of stupid individuals in circulation.

At first, the statement sounds trivial, vague and horribly ungenerous. Closer scrutiny will however reveal its realistic veracity. No matter how high are one's estimates of human stupidity, one is repeatedly and recurrently startled by the fact that:

- a) people whom one had once judged rational and intelligent turn out to be unashamedly stupid.
- b) day after day, with unceasing monotony, one is harassed in one's activities by stupid individuals who appear suddenly and unexpectedly in the most inconvenient places and at the most improbable moments.

This thread is so dead.
