Advantage Conferences

By Thomas Morva

Advantage Conferences are business systems designed to make participants "ethical" money in a legal and unique way. Its purpose is to distribute positive personal development, inspirational, motivational and instructional materials to improve the lives of their clients. Founded in June of 2003 by Tim Darnell, the purpose of the company is to distribute positive personal development, inspirational, motivational and instructional material with a goal of improve its customers' lives.

What is ethical about drawing recruits in with "you must be expecting to earn at least \$100,000" and sign up sheets that ask one to sign-up to make 100, 250 or 500 grand a year. Let us not forget your website, Jacko, where you say one will make a "minimum of \$100,000 in income over the next year - with a realistic potential to make much, much more."

I wouldn't be so quick to deem this business venture legal. May I note that real legal enterprises don't run around proclaiming that they are legal.

What is so unique about bilking recruits out of ten grand plus numerous expenses. It is painfully obvious from Jack's statements that he is approaching the million dollar earnings mark. A few others as in 5 including Tim are making \$21,000 or more and 4 more have just qualified as of Sept 2006. The average earnings of \$3056 leaves several hundred who are averaged in with these

few big winners who have lost 10 grand +++++.

How is financial peril equivalent to improving reps lives (remember there are no customers!) One can get inspired at their local parrish. It is hardly necessary to line Jack's pockets with \$7000 to do that!

Quote:

During conferences that are held on a regular basis, "The Millionaire Mindset Income Producing System is explained as a dynamic automated method that guarantees a sizeable income. Representatives (sales people) who join this organization promote products that include The Messenger, The Brilliant Business Collection, The Quarterly Teaching Series and Your Virtual Vault. Advantage Conferences products are available through independent Advantage Conferences representatives.

Twice a year dwindling to once a year hardly qualifies as a regular basis. Sizeable income for Tim, Jack and a few ace recruiters, but staggering losses for the vast majority. Rumor has it those products are mostly unsold. So far you have 100% of the reps selling conferences to other reps. Retail sales are not happening at all, are they? Tim sure didn't mention any in his affidavit.

Quote:

Advantage Conferences claims to have researched several money making techniques including the stock market, real estate, Internet marketing, direct mail and franchising. They believe that most of these techniques do not work. They claimed to have tested hundreds of opportunities to find the right program that works and could provide members with an excellent income. Each product that is sold pays a \$7000 commission. Their marketing methods located potential clients all over the country. All they ask of you, as an employee is to have a strong belief in yourself, a commitment to follow simple instructions and a desire to get your business started quickly. They train you using the top experts in the business field who provide you with concepts, strategies, tactics, tips, business philosophy, beliefs and methodology from a Christian perspective. You attend advantage conferences where mentors from a variety of backgrounds and industries will share their stories, teach their deepest Christian beliefs and help you transform your mindset to a winning, financially beneficial state.

Jacko, do you ever read what you post? Advantage Conferences locates clients all over the country. Well, then what in the heck are the reps needed for if your system does everything? One hardly needs all the training AC claims to provide if the clients are garnered by these fabulous marketing methods. If AC was honest they would admit the only business being taught and pushed is the worthless conferences. I am still waiting from a rep that built a legitimate business to come forward and explain how Advantage Conferences prepared them to prosper this legitimate enterprise.

Again let me point out that a winning or millionaire mindset is a complete joke. That mindset does not translate into marketable skills, education, experience or qualifications that are worth

dollars in the business marketplace.

Conferences are held all over the world. You can find out more information about Advantage Conferences by going to their website at www.oneOasis.com.

Article Source: [http://EzineArticles.com/?expert=Thomas Morva](http://EzineArticles.com/?expert=Thomas_Morva)

The conferences are held in Dallas, Dallas or Dallas. How pathetic is that. Dallas is not exactly a hot tourist spot, now is it? Just how much is there to do in Dallas? Jack, you leave garbage like this up and I will continue to impeach you with it. Get some moxie and keep your word. Come on here and answer the legitimate questions being asked.

Re: Advantage Conferences BS (Merged)

I want to thank the individual who kindly shared this with me. I found the following quote very pertinent to the Advantage Conferences opportunity led by supposed Christians Tim Darnell and Jack Weinzierl.

<http://www.merchantsofdeception.com/...dTheChurch.pdf>

Quote:

Many of those recruited are quick to say that 'God brought them to the business'! When they are wealthy they will financially support the church and other Christian organisations. However I believe they are attempting to spiritually legitimise the worship of the 'golden calf' 1 erected in their hearts. Should your heart be set on wealth, no matter how you attempt to 'christianise' it, it will always show its true colours after time. (Matthew 6:21)
The Lord said that you cannot sit on the fence. You either have your heart set on serving Him, or you have it set after serving wealth. You cannot do both.
Matthew 6:24
"No one can serve two masters. Either he will hate the one and love the other, or he will be devoted to one and despise the other. You cannot serve God and money."

The reps, except for a select handful, have lost 10 grand++++++. So, are they able to give to more God's Kingdom or are they by perpetuating this scam just bringing more people into this money and soul losing proposition?

1 Timothy 6

Quote:

False Teachers and True Contentment

Teach and urge these things. 3 If anyone teaches a different doctrine and does not agree with the sound [2] words of our Lord Jesus Christ and the teaching that accords with godliness, 4 he is puffed up with conceit and understands nothing. He has an unhealthy craving for controversy and for quarrels about words, which produce envy, dissension, slander, evil suspicions, 5 and constant friction among **people who are depraved in mind and deprived of the truth, imagining that godliness is a means of gain.** 6 Now there is great gain in godliness with contentment, 7 **for we brought nothing into the world, and [3] we cannot take anything out of the world.** 8 **But if we have food and clothing, with these we will be content.** 9 **But those who desire to be rich fall into temptation, into a snare, into many senseless and harmful desires that plunge people into ruin and destruction.** 10 **For the love of money is a root of all kinds of evils. It is through this craving that some have wandered away from the faith and pierced themselves with many pangs.**

Jack Weinzierl and Tim Darnell you ought to read this passage and apply it to your scam masquerading as a Christian marketplace ministry. You are on the path to perdition. You have destroyed the lives of many who have crossed your path.

QUESTION: I haven't checked this site in some time. I was wondering if AC is still scamming people.

I wonder how many members they had after the first of the year. I know they had about 500 before the end of the year. I was wondering how many decided not to pay the \$49 to continue. I didn't renew because these creeps weren't going to get another cent of my money.

I lost thousands of dollars because of their sleazy scam. I was just wondering if they're still carrying on with all their lies.

She is trying to attain riches/\$\$\$\$\$\$\$\$. There are other kinds of riches/wealth that these AC reps obviously are lacking.

Quote:

What Is Wisdom Anyway And What Does it Have to do with Wealth?

Proverbs 8 is mostly about the Wisdom of God. At the beginning of the chapter it sounds like wisdom is something to be achieved then later in the chapter it begins to sound like a person. So what is wisdom anyway and what does it have to do with riches: "I [Wisdom] walk in the way of righteousness (moral and spiritual rectitude in every area and relation), in the midst of the paths of justice, That I may cause those who love me to inherit [true] riches and that I may fill their treasuries.".....Is that why Stephen K. Scott said that a friend told him if he studied the proverbs He would be wise in 2 years and probably a **millionaire in 5**? I listened to the TV program he was on because he said some important things I agree with. Solomon was the richest man ever to have lived and his and his father, David's writings are about the wisdom of God. So wisdom and wealth are connected. And Stephen places a great emphasis on being mentored. He was mentored by a millionaire and that led him to his success. I'm always interested in hearing about that because it adds another chink in my anchor with my company, Advantage Conferences, LLC, in that we are mentored (on an ongoing basis) by

millionaires...real ones and Christians at that. So what they have to say is very important to me. Because after having met them (and they are ordinary people who have done some extraordinary things just by following God's lead) I realize I can do it, too. And so can you.

The Gifts of Wisdom

8 Does not wisdom call,
and does not understanding raise her voice?
2 On the heights, beside the way,
at the crossroads she takes her stand;
3 beside the gates in front of the town,
at the entrance of the portals she cries out:
4 "To you, O people, I call,
and my cry is to all that live.
5 O simple ones, learn prudence;
acquire intelligence, you who lack it.
6 Hear, for I will speak noble things,
and from my lips will come what is right;
7 for my mouth will utter truth;
wickedness is an abomination to my lips.
8 All the words of my mouth are righteous;
there is nothing twisted or crooked in them.
9 They are all straight to one who understands
and right to those who find knowledge.
**10 Take my instruction instead of silver,
and knowledge rather than choice gold;
11 for wisdom is better than jewels,
and all that you may desire cannot compare with her.**
12 I, wisdom, live with prudence,
and I attain knowledge and discretion.
13 The fear of the LORD is hatred of evil.
Pride and arrogance and the way of evil
and perverted speech I hate.
14 I have good advice and sound wisdom;
I have insight, I have strength.
15 By me kings reign,
and rulers decree what is just;
16 by me rulers rule,
and nobles, all who govern rightly.
17 I love those who love me,
and those who seek me diligently find me.
18 Riches and honor are with me,
enduring wealth and prosperity.
**19 My fruit is better than gold, even fine gold,
and my yield than choice silver.**
**20 I walk in the way of righteousness,
along the paths of justice,**

**21 endowing with wealth those who love me,
and filling their treasuries.**

...Thank You for favor for our team members who seek Your Kingdom and Your righteousness and diligently seek good. We are a blessing to You, Lord, and we are a blessing to our candidates. Grace (favor) is with us who loves the Lord Jesus in sincerity. You extend favor, honor, and love to each of us.... You crown us with glory and honor, for we are Your children — Your workmanship.

How on earth are smucks like you, Jack and your partner in crime, Tim a blessing for your candidates? 98% of your recruits are losing money according to the figures extracted from Tim's affidavit. Obviously your scam is the folly of dishonest conniving humans and it is not being glorified or blessed by God.

Quote:

We are a success today...Father, You give us knowledge and skill in all learning and wisdom....I am so excited about the coming weeks and months...Momentum is building. You want to be planting as many seeds as possible for your harvest. There is a tremendous amount of excitement leading up to the next MMC and then sharing the personal testimonials thereafter.

There is only one conference this year you fool, Jack. You guys sure could use some testimonials from reps that are still in your scam.

Quote:

I am going to share about marketplace ministry. I was led to teach on this as many people come into this business thinking they have to quit their job. Of course, every person's situation and leading is different, but the 9 to 5 window as Os Hillman has phrased it, is one of the greatest untapped opportunities for evangelism. Through your Advantage Conferences business as well, we have an opportunity through our business and our product to impact millions of lives.

The 8 to 5 window will not allow solicitation for Advantage Conferences on the premises most likely. That is a good way to get yourself fired. Jack and Tim, as you guys rake in a fortune you will only impact hundreds of lives. Those hundreds will lose all the money they spend on this

scam.

Quote:

Marketplace ministry is the passion that starts when God connects your job, business, ministry, and life purpose into one package...

Entrepreneurs like each of us in our workplace AND /or our home business bring a Christ-centered approach to cash flow, co-workers and customers...a desire that God put in your heart - an entrepreneurial spirit that replaces that paycheck-to-paycheck mentality with a new optimism, financial health, and a new ability to make others successful. Our business is marketplace ministry whether you recognize it or not.

What is Christ-centered about lying to your recruits about every aspect of your business, especially earning potential. When are you, Jack and Tim going to honestly disclose the drop out rate, refund rate and earnings tables of your reps? How can your recruits be optimistic? You have one conference scheduled this year and 98% are confirmed money losers.

Ministry belongs in a parrish setting and folks should take the principals learned there and apply them to their everyday lives. It doesn't involve lining the pockets of scammers like Tim and Jack. Living paycheck to paycheck in an honest job is actually quite a nice life. We feel very blessed to have a nice income and benefits. Unlike Jack we are not in a \$140,000 superior ego Hummer H1, but in 2 safe family vehicles. We also have a very modest home in a nice area that is nowhere near his home's 1 million \$\$\$ price tag. Unlike Jack we are in no danger of losing our home.

Quote:

We all need to ask.....Are we making a difference?

We have been able to make an impact and lasting impression on with not only our finances from this business, but something much more important, our mindset and wisdom that has developed over the past 25 months at AC. All glory is the Lord's; he is just using us to reach more people with His Good News.

You, Jack have no wisdom. You and Tim are soulless satans on earth who uses religion to swindle folks out of thousands of dollars. Folks do not have to spend 10 grand +++++ to find and spread the Good News. The Lord isn't using Jack and Tim. Jack and Tim are using the Lord's name and Christ to lure innocent recruits in and relieve them of their hard earned money.

Quote:

We are in the business to help people "DO" this business and not "try" this business... DO this business because there are many in AC that are sitting back and jumping on an occasional call, but are truly not committed to DO this business. When you make that commitment and you are sold out for what you represent, it makes all the difference.

Why would anyone keep flushing \$\$\$\$ down the toilet promoting this business, especially when they realize that they don't want to bring others in and see them ruined financially and spiritually. Quote:

Also, we all need to stop taking things so personally. I will promise you right now that I, Tim Darnell, your mentor..may say something to you that you could take personally if you choose to. In fact, we are not always going to agree 100% of the time. We need to understand who we serve first and also not let anything stand in the way if you believe the Lord led you to AC. I am tired of seeing people sabotage their own success by leaving a church or our AC business because they simply take things personally. Get over it and I am talking to myself here as well. When your mentor...gives you direction and or correction, you can see if that lines up with your beliefs, or you can discard it. Most of us are here because we recognize the need for mentoring in our lives, but we must be ready to receive that mentoring. As leaders in ministry and business, we need to have a hard shell and a soft heart.. “Well, Jack you don’t know what this person said to me, or did to me.” Forgive and move on folks.

The Lord led me to bust this scam, Jack. Let me interpret this reflecting what you really meant. You are extremely offended that your recruits have the moxie to question your authority. The only master being served here is Jack's greed. He wants to control folks so he can empty their pockets. They are leaving the business because they have lost a fortune and don't want to harm others by bringing them into this soul destroying and money losing proposition.

What on earth makes you think a serial scammer like you is qualified to mentor anyone. Tim has been in the millionaire conference business for years. He certainly doesn't seem to be learning anything. He has just gone from one losing deal to another destroying many lives along the way.

You, Jack, are desperately hoping that folks will forgive you and Tim for lying about the earnings and true nature of this scam.

And this is not a bunch of theory that someone reads about, these are the tools and strategies that helped me qualify and then earn \$28,000 our first month. SO I know it was not Jack Weinzierl. It was our simple 3 step system where I have not made 1 sales or cold call.

I am proud to announce the Top Producer for the month of July is Pro Rep IV – Jack Weinzierl of Flower Mound, Texas with \$95,564.49!

This, in anybody's estimation, is a formidable month's income.

We have already earned over \$155,000.00 but we are just getting started and it is not "us." We have been able to bless so many others already, and the glory is God's.

Another idea, you can communicate that your mentor has earned \$460,000 with this Christ-centered business over the last year and we are looking for men and women of integrity to join us. I direct all my warm market to go through the same 3 steps.

Warm market can include very close friends, family and colleagues as well as folks that you simply come into contact with every day so how you share will depend on the relationship. I have attached a few other items that can be leveraged for your warm market.

I am looking forward to the Mindset Call at 2 pm. Have a great night.

Jack's insane blog continued:

Quote:

Are you FIRED UP for 2007? I know that many of you are as you have already added to your teams and you are encouraging others daily in your journey. The difference is really on the inside of us. I am so excited that I am shouting as our business is about helping people change their thought life to change their results...Work harder on yourself than you do your job-- YOU cannot change the economy, but you can change yourself.

Folks should think enough of themselves to get more education, experince, training or an extra part-time job, so they can earn more and be generous givers. That is the ticket to physical and spiritual wealth. Advantage conferences has nothing to do with any of that. Your scam is not helping folks make money with legitimate home businesses. You are just training your recruits to bring in more suckers and line your pockets, Tim and Jack.

Quote:

I have a few notes that I took at a conference...
Discipline=ounces

Regret weighs tons—as we look back 5 years from now, will you have regrets?

It is also about your perspective. I shared this last week with a team member. If you are feeling discouraged at all with the timing on your business, think through and contrast with a business like a restaurant. You put \$300,000 in and may hit break even in 3-4 years with incredibly long hours. What we have here is many team members getting qualified in weeks or a few months, then they have a business that can produce incredible incomes, personal growth and time freedom for years to come. It's about perspective and when you know you are in the right place...the enemy will come to steal, kill and destroy. We are all in a battle and don't think for a moment that the enemy wants you to prosper if you are sowing seed into reaching people with the Good News. The good thing is we can recognize it, resist the devil and he will flee. But we have to resist that doubt, fear and hesitancy. Anyway, we have several pastors on our team that can share exact scripture to back that up, but I think everyone of us deal with that on occasion.

Jack, you promised your recruits 100 grand a year with the potential to make much more. If they are struggling in droves to even qualify, then with one conference this year we know the current reps are bound to lose. Remember you suggested each rep might sell 2 conferences/repships a month (AC has all reps and no retail sales.) Let's suppose there are about 300 reps desperately hanging on hoping to negate their staggering losses. That 300 sells 24 conference tickets in a year we need 7200 seats. That 7200 sells 24 each and we need 172,800 seats. That 172,800 reps need 4,147,200.....99,532,800.....2,388,787,200.....T hat was just the first year. Your scam is unsustainable, boys.

Folks should go to their local parish and there they can find ways to share the Good News without scamming folks out of thousands. I am squarely attacking Jack, Tim and their scam, AC. Folks will terribly regret wasting their hard earned money lining those scammers' pockets. They will regret even more drawing their family and close friends in. The system Tim Darnell bragged about doesn't work. Qualified, excited prospects don't come knocking and the recruit is quickly hounding his/her warm market in desperation. Then when they all lose 10 -20 grand each it destroys those precious relationships.

Quote:

And do not think for a moment that those warm market people who doubt you now, won't doubt you later and try to bring you down. Sure, I'll join you when you show me the checks... Many are the same people that say, sure God, I will tithe when you bless me. No, even when you show them the checks down the road, they are the same people who think that it is too late for them now. Jack gets all the lucky breaks. You would think that everyone in my family would be clamoring to join us in the business after we are approaching \$1 million with Advantage Conferences. No, it was the 3 family members that saw the opportunity a couple months after we joined that got involved. I love the rest of them, but they will continue to live way below the level they could because of their doubt, disbelief and fear. God does not create junk and God

did not want any of us to lead average lives, just getting by, be so busy trying to make ends meet that we don't have the time to stop to talk with a hurting stranger for an hour about how we serve an awesome God that wants us whole.

Jack your are one of 6 that is in profit mode in this business. That 1 million you have earned has come at the expense of hundreds of good Christian, trusting folks, most of whom could not afford to lose the 10-20 grand they lost. By design and the mathematics of these scams only 1 or 2% can profit. That makes it totally unethical.

Jack, you are not lucky. You are a professional con who uses and manipulates people for your personal gain. If pastor Aaron Weinzierl is still in the business, he has no webpage, ads or more recent testimonials. Thankfully most of your family is to honorable to perpetuate this egregious scam and to kind to tell you to your face just what you are, Jack.

God doesn't create junk, but that lying, scammer Tim Darnell sure does. Advantage Conferences is not the vehicle for 98% of those who join to better their lives. Folks will waste lots of precious time on this unsustainable scam when they could have enjoyed their families, gotten more education or training or actually earned some extra money they needed another way.

More from Jack's blog
Quote:

As I reflect on this past year, it is so obvious to me that we are ALL living below our privilege. Advantage Conferences has worked hard to improve the product, but we must work to improve ourselves. Folks, we have every tool, every video clip, every web page right now that we need to each build a multi-million dollar enterprise. Say those words, My Enterprise. Set some goals for 2007.

How is 98% of the recruits losing all of thier money in this scam going to accomplish living in privelege for more than Jack, Tim and their few friends?

The numbers conclusively show that this scam is unsustainable. Let's suppose each reps just makes \$100,000 and quits. That means the 300 reps or so we have now need (x14 reps = \$98,000) 4200 reps. Those 4200 (x14) need 58,800...823,200....11,524,800.....161,347,200... ...2,258,860,800.....31,624,051,200. I think we have a problem boys.

All the garbage Advantage Conferences has produced is totally worthless. The business is a pyramid scheme that only benefits a select few and it boasts no retail sales at all.
Quote:

Here are some key bullets I want to share this morning. I will get the notes out shortly after the call.

- Your business success lies in your heart first and not your head.

- Do you know folks in the “not much” crowd? “What’s going on crowd-- when you call them and they say “not much” Isn't that a sad way to live.
-

The "not much crowd" hasn't lost a fortune to Tim and Jack and won't be bilking their friends and family out of money either.

Quote:

- Marketing your own energy—people do buy you and we all need to work on ourselves
 - Many people are running a Non-profit organization in the discomfort of your own home.
 - You should be in business for FUN and Profit
 - Don't let others bring you into their drama---we are addicted to emotions. Smooth out those highs and lows
-

There is going to be a lot of drama surrounding this business. Tim Darnell, the lying goon that originated the scheme is such a nut job that he sued the Better Business Bureau and Dr. Jon Taylor thus exposing his years of scamming and dishonesty for the whole world to see. Reps who have lost their life savings or all the money they put in this scam are going to be extremely upset. This business is destroying lives and families and, as it is built on lies and misrepresentations, must be exposed.

Yes, Jack, your energy and charisma did garner you a lot of paying recruits. Now those hundreds who have been burned by this scheme are coming forward to voice their anger and despair at being conned by you.

Quote:

- Find people you can collaborate with--local businesses that you can set your cards out at--if you see the referral from a dry cleaner--give them \$500
 - Motivation wears off—move to inspiration and transformation. That is why most people in network marketing fail. They are motivated for a season--120 days or less. Your why and your belief have to be big to inspire you. It is not your enroller or mentors job to inspire you. You need to work on yourself.
 - Clues and signs show up in your voicemail box and email box. Are you attracting tired, broke and desperate people constantly?
-

If the recruits could make the 100 grand or much more they were promised and their personal recruits ad infinitum could do the same then there would be no problem, but this pyramid scheme will go the way of all the rest. Jack and Tim and a few of their buds will make a killing and

hundreds or thousands will lose everything they spent on this joke of an opportunity.

I am sure that tired and broke people come looking at Advantage Conferences. But you don't want them, Jack. You only want folks with 10 grand so you can pocket that 7 grand and use your "stud" earner status to draw in more recruits to line your pockets. You as a Christian should be the first to welcome the desperate and give them a helping hand, but as we know you only use people for your financial gain.

Network marketing is a failing venture because the comp plans funnel all the money up.

Quote:

-
- Focus on having 10 good quality conversations each week--learn how to connect with people
 - Free enterprise skills—can take 2-5 years to develop the skills to develop those skills and mindset vs. JOB. First time in your life you don't have someone telling you what to do.
-

There is nothing wrong with a JOB. It is the best option for most folks. Your mindset bull is just that. BULL. People with talent, education, training, and/or marketable skills make good livings in this country. Your silly catch phrases like "millionaire mindset" aren't worth a penny. All you are selling is the chance for folks to sign up under you and bring in more hand up sales to line your pockets. No rep has had any non Advantage Conferences business succeed because of what they learned at Tim's conferences. The BBB was right on when they stated that the only thing being sold and taught at the conferences was the worthless AC opportunity.

Quote:

-
- Paint the picture for people-- You are out in public at a restaurant or wherever--You have incredible people skills. Have you ever considered owning this business, vs working here? What do you feel you deserve for a tip? I deserve a great tip—attract people that have receiving skills. Connectors, results oriented, people skills--- 3 to 5 connectors can build a fortune
-

Folks working for AC don't own a business. They are just selling Tim's worthless conferences so he and Jack can make a killing.

Quote:

-
- This business is about me looking for a few good quality people
 - Get paid like a professional—highest paid profession in the world
 - Entrepreneurial seizure---Ask what I do for a living – um well, I operate a non-profit organization from the discomfort of my home
 - Trying so hard in your head, but your heart is not in the game—wear out your immune

system—toss and turn at night—flight or fight

- Pain has to be great enough—drop the drama. You have to be at the point of disgust.
 - Be comfortable with yourself.
-

Yes, Jack, I am at the point of disgust with you and Tim.

Quote:

- Ask what do you DO while You're Living?--not working

--I am an entrepreneur

--I am an agent of change

--I teach prosperity

--I develop 6 and 7 figure income earners. Do you know anyone interested? Look for clues—look for connectors. Barnes and Noble—those are great books have you read them yet?

--I am a Christian millionaire mentor

Your AC opportunity does not develop 6 to 7 figure earners you liar. You , Jack, Tim and only 4 others are in profit mode as of Sept. 2006.

Quote:

--Are you attracting co-dependants

--biggest challenge for many is receiving—balance

- My Enterprise

· Become good at attracting people who are self-starters, prosperity partners, what I deserve in partner—their profile—intense, peace, competitive, pride--play for the game, don't like to lose, want people who are results oriented, connector—circle of influence, leader/leader grower, Sports-minded

Yes, Jack you need some more slick cons to reel the recruits in so you can have those training sales.

Quote:

- Create for profit homes
- 30 second commute—paint pictures for your candidates
- You can have the desire, but if there's no belief, then you will not take action
- Make your someday NOW, but understanding that you cannot go back. You have to go forward and failure is not an option. A mind once expanded cannot go back to the original shape.
- Put yourself in a place where you are taking on more than you think you can do. Get desperate enough to do what needs to be done

You are feeling desperate, aren't you Jacko? Have the truth spreaders here had a real impact on your business, Jack. Is it getting hard to make those Hummer and luxury home payments?

Quote:

-
- Commitment and accountability
 - What are your intentions—declare that you are going to win—ONLY competing with only those that decide to win.
 - Sometimes success looks different. Some relationships that you build and some you walk away from. I have had to walk away from some relationships altogether that were not aligned.
 - Most people—95% who give up the first time, never come back to re-enter the race.

Those you have scammed certainly don't desire any further contact with you and folks you can't drag into your losing AC venture are of no use to you. So, we know just how you throw people away in your disposable me centered world, Jack.

Quote:

-
- Not perfection--I am a great example here folks, it's about getting up and getting up—can you go back to what you used to have? It won't be comfortable for you. Psychologically unemployable.
 - Commitment—leads to Resistance (shows up) Overcoming that resistance is where the victory is.
 - We are here to set the pace for you to go a little faster than you may be comfortable.
 - Change your choices and change your life.
-

You certainly have changed lives, scammer.

Quote:

The size of your question determines the size of your results!

Change your friends—

Set Huge Goals-

It inspires people to want to play. It forces you to grow.

Only hang out with those that add or multiply. You may have to get rid of some relationships that subtract or divide.

Like I said, you discard those who don't have any more money to throw at you and those who don't support this scheme are of no use to you. You are only a friend to those you can use for your own selfish gain. Not very Christ like in my book!

Boys (Jack Weinzierl and Tim Darnell) does this look familiar? Timmy boy, do you have to ask Jack permission to do ALL of your "business."

As I said, Tim's affidavit only reflected 2 refunds---the ones that complained to the Attorney General or the Better Business Bureau. There were others, however, who have received or requested them. Tim and Jack will threaten them into silence and demand they sign a bogus agreement not to sue, go to the authorities or discuss the settlement. That is how dishonest people do business.

Jack and Tim can't sue you predicated on the fact you reported them and their shady business, Advantage Conferences, to the police, FBI, FTC or Attorney General's office.

Wait for the government to change the minimum wage to \$6

Wait for the company to pay you \$6

Go on strike—philosophy of demand—demanding \$6—you cannot use it to get rich

Philosophy of performance and productivity—do extra things, I will perform and be rewarded

You are full of it again, Jacko. One's income is determined by their training, education, experience, skills, drive and how the fair market will value it and compensate them for said things.

Quote:

Startling Dynamic Innovations

Make ALL the Difference in Your Home Based Business

Subtitle: Before - You Never Had a Chance

By Tim Darnell President Advantage Conferences

If you are looking to start a home-based business, you MUST spend ten minutes reading and comprehending this short, but extremely important life-changing report.

I wholeheartedly believe in the Direct Sales Industry, and have dedicated a major portion of my life (now over 25 years) to this industry as a marketer, consultant, trainer - and since 2001, a direct sales company owner.

I'll be the first to tell you that our industry has massive room for improvement. This brief message is designed to highlight an amazing evolution of ideas – indeed, a radical upheaval that is just now becoming a reality.

WARNING: Ignoring this letter, I promise you, will cost you a fortune in time, capital, and possibly important relationships...

Indeed these differences are profound, starkly contrasting methods and philosophies that add up to the difference in success or failure for someone looking to further their financial situation. You should take every bit of this message personally and to heart...

the odds are so stacked against your being successful that you really never had a chance. Glaring problems that have persisted for decades are fundamental to those programs; AND YOU NEED TO KNOW ABOUT THEM!

MOST PEOPLE (90+ PERCENT) IN HOME BUSINESSES
DON'T MAKE MONEY...

Obviously, certainly in my mind, this is THE single most important issue in our industry. It is THE PROBLEM that has desperately needed to be fixed and has not been fixed – until now.

Frankly, due to my being outspoken about these problems, **I don't have a whole lot of friends left in the other programs, meaning I have very few friends in the entire industry, unless they are working with me now.** Se la vie, the truth must be told – those programs are unquestionably fundamentally flawed...

Serious Question of Ethics: I find it unconscionable that companies promote an income opportunity at which the overwhelming majority of people fail. The people who are exceptions to this statement (those who do succeed) comprise such a small percentage of people that it is a blatant misrepresentation for a company to parade their “stud's” success in front of the unsuspecting public and say the opportunity is for everybody.

The good news is that through years of prayer, trial and error, consultation from several people who came into my life at precisely the right moment, a band of loyal followers which has now turned into a rapidly growing, powerful, international marketing force, endless rabbit trails, lawsuits, and unimaginable blind-sides, the following solutions have finally been revealed to me and have converged into A BUSINESS MODEL that is undeniably FAIR & WORKS FOR ANYBODY who is serious about making significant money! The changes are totally in the average income opportunity seeker's favor. And, they make success absolutely predictable, more sizeable, and more quickly attainable than all the other models out there – and I can prove in black and white what I am saying is true.

I will tell you that arriving at this model has not been easy and has come about at no small price (literally millions of dollars and years out of my life). I'm not saying this to complain, but rather to point out a basic premise of innovation - dynamic solutions are never cheap or easy to come by.

If you truly want to achieve success in a home based marketing business, the following concepts are things that you must know about:

A “Systematized Qualifying Process©” (SQP©) versus “Dialing for Dollars”

A System that relieves you of the necessity of telephone recruiting levels the Playing Field and makes ‘making money’ a probability rather than a shot in the dark.

The essence of the problem is that only a very few people in any income opportunity truly have the verbal posture and telephone skills necessary to make a “dialing for dollars” income opportunity work. You simply can’t train an inexperienced person how to gain the requisite amount of charisma, confidence, discipline, timing, vocal tone, verbiage, and people skills required to be effective at phone work. They either have it or they don’t – and most (by far) don’t...

That means that 90 percent or more are, at the risk of sounding morbid, ‘dead on arrival’. I think you would agree with me that “DOA” is not an acceptable business component.

News Flash: Fully 97% of all home based income opportunities are “dialing for dollar” programs....

Even if you are one of the elite few who have mastered telephone skills, you’ll have to spend your entire life...on the phone. Anyone who tells you anything different is lying through their teeth... Spending hours and hours on the phone every day is a “NO WIN” approach to making money...the entire reason most people choose this type of business - duplication.

Theoretically, duplication reduces your work load and creates residual growth and income. However, if you have a skill or talent that can’t be duplicated... then your entire business premise is faulty.

LISTS: The lists of so-called “interested opportunity seekers”, even those purchased from the more reputable list providers, are filled with people who are simply not qualified for your opportunity. Why spend your money buying these lists, paying monthly long distance bills, and more importantly wasting your valuable time...Most don’t even want to talk to you about anything, much less an opportunity they are not genuinely interested in...

The Bottom line - you won’t have success or even much of a life if “dialing for dollars” is in your game plan.

SOLUTION: The Systematized Qualifying Process© takes the necessity for personal verbal skills and phone work out of the equation...

The SQP© also dramatically decreases the time needed to build your business. Instead of working the phones 4 to 5 hours a day or more, you can now effectively work your business in one to two hours a day... **MAJOR INNOVATIONS – MAJOR POINTS OF DEPARTURE** in the Direct Sales Industry.

SQP© handles...1. uniform delivery of all facts and information, and 2. qualifies your

candidates without your having to pick up the phone! Can you see the monumental difference?..

And every lead is yours and yours alone. They came to you proactively and purposely because they were interested specifically in your biz op!...

SQP© is revolutionary... allows for duplication within your organization. Won't you feel better knowing that the people you are bringing into your business can actually make money? Is that not a more ethical situation for you and your candidates?

This phenomenal RADICAL DEPARTURE bears repeating –

You Only Talk to People

When They Have Completely Qualified

for Your Specific Opportunity on Their Own!

They qualified themselves. And they are excited, or they wouldn't be calling you or e-mailing you...

Who can participate in SQP©? Anybody who has the intelligence to understand the importance of what I've just detailed; and someone who has been approved after their interview with the President of the Company.

Advantage Conferences makes 100 times more sense than any other business opportunity out there.... effectually setting this business model light years ahead of anything else you may be looking at.

...so many “average” people are already making huge amounts of money with this new model. (If you knew what we paid out in commissions last week you would drop your jaw.)

...this is rock-solid educational information from a professional, life-long, (and I don't mind telling you) highly successful marketer explaining developments in the home based business world that you must know about.

I trust you are listening and will take this info to heart.

In service,
Tim Darnell
President

Tim and Jack would you care to explain AC's 98% failure rate as demonstrated by Tim's figures in his Affidavit. Folks please remember Tim has been in the busienss of scamming folks for years.

Hmmmm.... AC reps, i think it is completely reasonable to expect clarification of this statement and to request detail of said claim.

Tim, if you have spent "millions of dollars" on the "development" of the AC business/opportunity, you would have clear and concise records detailing every penny spent. i think it is your duty to divulge this info to your "business partners" (the reps).... you are all in this together, right?

AC reps, ask yourself this... why isn't this kind of information available to you? As an "investor" in a business opportunity, this is the kind of thing that any rational investor would request and would of course be provided with.

Tim and Jack ~ i work in an industry that values privately held companies... for all sorts of reasons, such as buying and selling, etc. it is a given that when someone is asked to invest into a company (i know that in your twisted minds, you feel that the \$10,000 entry fee [we all know to really "be in the business" you need to purchase a conference] is an investment in "themselves" [i.e., the reps]), it is assumed that they will receive all of the financial records of the company. why dont you make this data available, at least to the reps... what do you have to hide? what is your reason for not divulging it? it is the reponsible thing to do!

AC reps... ask yourselves this.... then ask Tim and Jack if you can see the financial records of the company... it is your right as a rep. we expect the same of all public companies (and recieve such

info), we expect a weekly or monthly financial report from our churches detailing the tithes and offerings (and if you dont recieve one, you are unfortunately probably attending a crooked church), why wouldnt we expect the same from a company that we just "invested" \$10,000 with???

seriously think about that.... Jack, your reps want answers!

:mad:

i know that you are reading this....i know that may be able to ignore our requests for answers... but for the sake of the people you scammed (the reps).... please give them the answers they deserve...

Jack, you and Tim should get the liars of the year award every year. Only 6 were in profit as of Sept. 2006. Hundreds of people have lost 10-20 grand. For many it was their life savings. Life changing was the understatement of the century, boys.

If enough reps contact me about filing a class action lawsuit I will do whatever I can to get all of you reps together and help you find legal counsel.

There are 2 posts from Jack on a very old thread. Jack sure does talk the talk! Anybody care to do a count of the blatant misrepresentations?

ANYONE that is coachable and trainable and consistently works our home based business 5-10 hours per week will succeed. When you join us, you'll do NO personal selling, calling, convincing or persuading. Our unique system does it all for you. You can work whenever you want, day or night.

Training and mentoring by self-made millionaires.

You'll be trained by our **group of dedicated individuals that have already achieved multiple six figure incomes** . You will be guided every step of the way! You'll be in business "for yourself" but never "by yourself".

Fill in the form below to learn how to start making \$7000 over and over and over.

Let's take this scammer to task. What **group** has achieved **multiple 6 figure incomes**? The only group even close are the scammers Tim Darnell and Jack Weinzierl. They lie again when they say no selling or persuading. Desperate reps will be coerced to hound their friends and family soon after joining so Jack and Tim can pocket the 2 sales you will hand up. Of course, the boys do not tell you almost none make more than those 2 sales and lose all their cash and that of their former friends and offended family.

Steve, I would pull this ad before the Attorney General's office sees it. It is blatant misrepresentation! Ignoring the fact there are no retail sales we know of to date and this probably violates the pyramid scheme statutes in Texas, you make earnings claims that are patently false and you will be held responsible, scammer!

My goal is to shut down your scam, boys!

I feel empowered to bust this scam and keep you boys, from pocketing thousands at the expense of good, Christian folks. Let's see how many more scambusters and legions of reps that have seen the light can come together.

Good, then I hope all the reps out there will, knowing its the only christian thing to do, refuse to draw any more into this scheme and line Tim's and Jack's pockets.

Soapboxmom,

Why couldn't we all unite together and sue Jack personally? Since he's the one responsible and defrauded a lot of people, shouldn't he be the one that pays? It's interesting to note that Jack has now moved on to Vemma. I wonder if the Vemma folks know the truth about this goofball? Something to think about. One last thing...how can a guy continue to con people when his name is all over the internet as being a CON ARTIST?!? What a tool! Has he no pride??? I feel for his family. I think he's completely deluded.

hi toolate,

as always, thanks for your posts...

the problem is.... people like Jack prey on peopel that are entirely too trusting... half of his recruits probably dont even consider googling his name prior to joining up with him. is that smart? nope.... but that is the way he operates... no doubt he creates a sense of urgency to get his recruits to sign up immediately... if not on the spot, then as soon as possible. he doesnt want them to even consider talking to anyone else about it or to research it. i wouldnt be surprised if he even implied lack of faith or planted seeds of doubt into these poor, innocent, all-too-trusting peoples minds.... that is how a snake like this works... that is why most of the popel dont realize somethign is wrong until it is too late... they already handed him over their money and then they realize something is wrong.

it certainly doesnt mean that the people that he cons into his schemes are stupid.... not at all, they are just too trusting and gullible. it could happne to any of us... he is a professional con-man... literally. like you said, he is very good at what he does, he is a smooth talker. it isnt a coincidence that he has jumped from one opportunity to the next... look at his track record... he has no credibility or integrity.... he is obviously morally deficient.

folks, please.... lets stop this clown in his tracks... ask him about these posts... make him PROVE that we are wrong (he wont be able to)... dont just stand for his fast talking around the issue.

BigFranky,

You are correct...he and AC do prey on trusting people. I used to be as well. It was a financial lesson that really hurt! I don't know if anybody else has noticed, but if you go through all of Jack's posts you will see a common theme. Most anti-socials (which a lot of con artists are) will NEVER answer a question directly. They will deflect, change the subject, or evade it. He's done that on practically every post when he's been asked a DIRECT and SIMPLE question! Now, given that we all know Milken and Boesky are total anti-social personality disorders and Jack worked with them, it stands to reason that he may be one too. There's an interesting book by Martha Stout (Harvard Ph.d btw...) called "The Sociopath Next Door" and it is a great read! She says 1 in 25 people are anti-social personality disorders. The name of the disorder is misleading though...they are very sociable, charming, etc. They will do ANYTHING to ANYONE, even their own kids, spouse, etc. to make money or get ahead. Sounds like Jack to me! As poor Stephanie is either clueless or "looking the other way" b/c of the money. I'm thinking she is clueless. I may be wrong about her, but who knows.

I will give Jack points for being well-versed in the bible and "holy-roller speak". He knows just enough to manipulate innocent people. BTW...he and Jim Streigel became "buddies" quickly. Streigel is one heck of a marketer and multi-millionaire...he is a shrewd businessman. It makes

sense that he would sell Jack's house. If the feds do watch this board, I would tell them to go have a chat with Streigel b/c I'm sure much info. could be gleaned from him on Jack and Tim. I bet one could also get some juicy info. from Krider and Payne with Liberty League, as Tim used to be in business with them.

It truly makes me sick knowing that some former reps lost their homes, life savings, and even their families b/c of AC. One last thing...I think Jack does put the pressure on these folks to "join now". I know he used to hang out in the mens' dept. at Neimans to get recruits. He'd run into people and tell them that he was golfing these days and that was his "work". When people saw him driving a Hummer and living in a big home...they quickly became intrigued and wanted to know more about AC. He got a few people that way. But mostly, I think he recruited wide, not down, by way of his relatives. I bet they are cussing him at this point!

wow, another great post, toolate. thanks for contributing... i am glad that you found our little thread here!

i couldnt agree with you more... no doubt in my mind that Jack is a very sick man... he obviously has serious problems. i feel for him. i feel for anyone that inherently makes evil choices... make no mistake.... what he and Tim are doing, whether they know it or not (and personally, i think that they do), is very, VERY evil. and it is anything BUT Christian.

and another point you made is dead on.... his use of the Bible to do evil works. unfortunately many, many con-men use the Bible to their advantage. it is an absolute egregious sin. i have written about it many times on this and other AC related threads, anyone (salesman, pastor, evangelist, etc.) that focuses on the "prosperity gospel" typically has an something to gain from the "giving" and is usually a crook...99% of the time.

Jack is *SICK*.

Soapboxmom,

While I realize nobody's perfect, I am consistently amazed at some people who are in leadership roles within a church. Case in point, a guy from my church was a leader of a house group and was also a CONVICTED and registered CHILD MOLESTER!!! So was one other guy in our bible study. But, none of us knew it until about 4 years later. The leader of our group was allowed to VOLUNTEER in the NURSERY also!!!! A little ridiculous if you ask me. I guess most churches don't discriminate, but, come on, I wouldn't want my kid being watched by a child molester! That being said, nothing would surprise me at this point. Does the Pastor at Cottonwood realize what Tim's doing?

Re: Advantage Conferences BS (Merged)

I have personally mailed a few peices of literature to Tim's paster regarding Tim.

That church is above average in members and growing every week. I am sure they do not have a

shortage of potential leadership in the church.

Jack is SICK.

BigFranky,

Glad to contribute if it will keep scam.com rankings high so future victims can see us while doing "due diligence". You mentioned above in para. 2 that you believe Tim and Jack know that what they are doing is evil. I can see thru Jack for the most part, but Tim...well, he really is a likeable guy. Do you think he really knows deep down, or do you think this was his "dream" and it just failed? Seriously, the guy seems sincere with his ministry work, prison stuff, singing, etc. If he knows than I think he is more dangerous and scarier than Jack. It's the one's that blend in so well that are successful. I mean, I know I've been awfully naive in the past, but Tim is REALLY good at acting! These guys border on being brilliant. Think about how much work it would require to con thousands of Christian people out of \$10K apiece.

Another interesting book on evil is by M. Scott Peck called "People of the Lie". He posits that there are some people who are just plain evil. No disorder, no mental illness, just very evil. Interesting theory. It would be most fascinating to see a brain scan of these individuals. They can't be like the rest of us. Just my .02.
