Re: **Banners Broker**

Serious anger issues...lol

Just saw this on another forum:

How long is it taking to get paid now via payza. I know what the site says. I am now past 16 days. Anyone get paid in a timely manner via payza?? I used to have to wait only 4 days.

Seems things maybe starting to unravel. First sign of these things imploding is always when payments start to slow.

He is not the only one having problems.

Re: **Banners Broker**

Jordan that just made my day, I was literally laughing out loud. One of their stated goals:

"To ensure the longevity of Banners Broker"

These people are really a paradox. They are both brilliant and very stupid at the same time.

Thanks for the laugh :-)

Oh yeah, I see that all **accounts must use the choice network only**. You know, the one that is still in "beta", being tested.

If these blatant, obscene statements don't cause the BB faithful to wake up from their mass hypnosis and revolt against this charade of a company, which makes a mockery of any real advertising system...then there is no hope for them.

Gingervang you still reading this? You don't strike me as an unintelligent person - come on man, you have to at least admit this is beyond bizarre.

I would suggest that the BB'ers with any intelligence and a fair bit of money invested are probably right to panic.

Looks like BB'es are being encouraged to keep drinking the Kool-Aid.

Hey BB'ers don't listen to this little dictatator you're always welcome here.....

Bizzare customer service, for a multimillion company, I must say, huh?

If it is a general problem one would expect at least some complain posts from Bbers in their forums or an announcement on their site. But then again Bbers have their own way of looking into things and since I am an outsider, once again I failed to understand the business...

Guys, stop arguing about spelling.

I'm a self-professed Grammar Nazi- see:

inquiry or enquiry noun (inquiries) 1 an act or the process of asking for information. 2 (often an inquiry into something) an investigation, especially a formal one.

inquiry, enquiry

Inquiry and enquiry are interchangeable variants in the more general sense 1. Inquiry and not enquiry is used in the more formal and specific sense 2.

Any comment?

That's an implementation of subject diversion. The subject is not how the word inquiry is spelled to the west side of the Atlantic but whether BB is MasterCard endorsed company (as claimed) or not.

EDIT: Why don't you ask them to publish a scanned copy of the original letter? In that case we have two options. Either the letter is fake and we won't see any scanned copy of it ever, or see a scanned copy which is not real, in which case the website is considered legally liable. Or there is indeed a real letter and MasterCard will confirm it is genuine.

ANY SIMILARITIES BETWEEN BB AND AN ILLEGAL MLM IS NOT JUST COINCIDENTAL.
